

Activity 2

In this activity your task is to work out what "of" means in some book titles, which feature some made-up words.

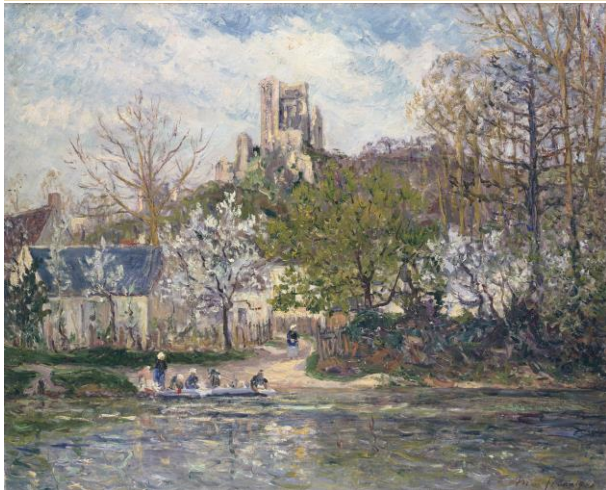

You should focus on the "clues" that help us work out what "of" means. In the video, I talked about some of these "clues" like whether words are names, or refer to actions, or refer to things that can/can't be owned.

There are four book titles. You will find pictures to help you on the later pages. Imagine these picture are covers for these books designed to help readers interpret the titles.

Its okay if you get more than one possible answer to what "of" means.

1. Harry Potter and the wugs of Bwllheli
2. Harry Potter and the alphathematization of the archfarchnads
3. Harry Potter and the ymweld of caryatid
4. Harry Potter and the korkoruge of the ritter
