

## Changes to the Policy on the Progress and Review of Postgraduate Research Students

### Summary of changes

The Policy was out for open consultation 2021

The policy on the Progress and Review of Postgraduate Research Students can be found in the [document store](#):

The Progress and Review Policy has undergone a significant re-write based on a full review process. The structure of the policy has changed and a number of new sections have been added. The following points outline the main changes to the policy.

- Structural change (a move to the 'new' standard UoM policy template).
- The Researcher Development section has been removed and incorporated in the Supervisor responsibility section.
- The requirement that PGRs reside within 'a commutable distance' of the University during their time as a registered PGR has been removed.
- The term student has been replaced with PGR throughout.
