PGCert Health Data Science

Virtual Open Day
Thursday, 17 June 2021

Harness the power of data to improve health

8am

GMT+1

PG Cert Health Data Science: What to expect from online education (45 minutes): <https://zoom.us/j/97860158441>

Learn more about studying our fully-online PG Cert. We will discuss the online learning experience, from lectures to assignments and focussing on the software used to deliver a holistic learning experience.

10am

GMT+1

Q&A drop in session (1 hour): <https://zoom.us/j/95960342712>

This drop in session is an opportunity to ask your questions about the course to Course Advisor, Jessica. Find out more about course content, fees, the application process and pathway options.

12pm

GMT+1

Spotlight Session: Unit 1 Maths and Statistics for Health Data Science (45 minutes) <https://zoom.us/j/98945538348>

Delve deeper into the Postgraduate Certificate course content with our Unit 1 spotlight session. The Unit 1 lead will explain the aims and learning objectives of the unit and also highlight key career opportunities available to graduates of Manchester's Health Data Science course.

2pm

GMT+1

Making data-led decisions in healthcare: Covid-19 vaccinations (45 minutes): <https://zoom.us/j/97545128156>

Watch a Public Health Analyst in action as David Holderness demonstrates how a data can support decision making by using key data science techniques, such as a regression analysis.

3pm

GMT+1

Q&A drop in session (1 hour): <https://zoom.us/j/95027767169>

This drop in session is an opportunity to ask your questions about the course to Course Advisor, Jessica. Find out more about course content, fees, the application process and pathway options.

5pm

GMT+1

Get to know the Course Director (45 minutes): <https://zoom.us/j/93987203794>

Hear from Course Director, Dr. Matthew Sperrin, during an in-depth interview to learn about areas of expertise, the background of Health Data Science and where online study can take you.
