**Greater Manchester
Mental Health**
NHS Foundation Trust

Do you have
experience of the
referral process for
Child and Adolescent
Mental Health Services
(CAMHS) in England?

Help us shape research aiming to improve the CAMHS referral process

We need people to join an advisory group and help us shape our research.

You will need to be at least 16 years old and have **any** of the following:

- experience of being referred to CAMHS
- experience of someone you care for being referred to CAMHS
- experience of trying to make a referral to CAMHS
- have worked as a professional referring someone to CAMHS

You will also need to have an interest in mental health research.

Interested?

For further details and/or to apply, contact Charlie, briefly stating why you are interested in the role and any relevant skills or experience:

Charlotte.Stockton-Powdrell@manchester.ac.uk

Fees and expenses paid.
