

Did your loved one die during the pandemic from COVID-19 or another illness?

Are you ready to talk about it?

People of African and Caribbean descent are less likely to receive good care in the last year of life...we need to change that now!

Help us make care better!

Do you identify as being of Caribbean or African descent?

We want to hear about the care your relative received and your family experiences.

Would you mind talking to us 1 to 1?
Either on the phone or by video call

Are you over 18?

To thank you for your time, we will send you a £25 Love2Shop gift voucher.
