

The University of Manchester

DEGREE CELEBRATIONS

August 2021

A portrait of Professor Dame Nancy Rothwell, President and Vice-Chancellor of The University of Manchester. She is a woman with short, light-colored hair, wearing a dark blue jacket with white stripes on the cuffs and lapels. She is looking slightly to the right of the camera with a gentle smile.

“Use your head,
but follow your heart.”

Professor Dame Nancy Rothwell,
President and Vice-Chancellor
of The University of Manchester

Congratulations

from the President and Vice-Chancellor

Congratulations to the graduating class of 2021 – wherever you are in the world at this time during these unprecedented circumstances. This is a time of celebration and I hope you enjoy this special occasion with family and friends.

For those of you graduating this summer, this is also the perfect opportunity to reflect on your time at Manchester, to think about your successes and accomplishments, and to look forward with excitement to the next stage of your journey.

Although you are not here on campus as you mark your achievements this week, I know the University shares with you a great sense of pride in the award you have worked so hard to attain. We look forward to welcoming you back on campus for your rescheduled ceremonies when we are able to do so.

I encourage you to take charge of your future, find your voice and form your own opinions. Have confidence in the knowledge and experience you have gained during your time here and know you are ready to take on your next challenge and shape your own future.

These celebrations mark not the end of your relationship with the University, but the start of a new chapter. You are now part of a worldwide network and it is my hope that the links between you and the University will grow stronger as you become an active member of one of the world's largest global alumni communities.

I wish you every success for the future.

A handwritten signature in black ink that reads "Nancy Rothwell".

Professor Dame Nancy Rothwell

Leading the way

Throughout our history, Manchester has helped shape the world through knowledge, wisdom and humanity. Our staff and alumni instil in our students and graduates a desire to improve people's lives through research, teaching and social responsibility, investing in the future of others.

1851

John Owens

Owens College is formed with the fortune of Manchester industrialist John Owens.

1948

Prof Alan Turing OBE FRS

The famed wartime codebreaker joins the University, where he would gain a reputation as the father of modern computing.

1979

Sir Arthur Lewis

Britain's first Black professor, Arthur Lewis wins the 1979 Nobel Prize for Economics.

2017

Naa Acquah

The first Black woman to hold the position of General Secretary of the Students' Union, Naa graduates in 2017.

1874

Edward Ryley Langworthy

The Langworthy Chair, a position later held by five Nobel Prize winners, is created by the legacy of this donor to the University.

1945

Ellen Wilkinson

Ellen Wilkinson is appointed as Britain's first female minister for education. As a student she won scholarships for every stage of her education.

1998

Prof Brian Cox OBE FRS

Graduating in Physics, Brian Cox starts a scientific career that has seen him become a household name through his work to popularise science.

2016

Jean D'Amour Mutoni

Queen's Young Leaders Award recipient Jean, whose scholarship was supported by a donation to the University, graduates with a master's degree in Medical Microbiology.

1906

Dame Christabel Pankhurst DBE

Prior to her role in the suffragette movement, she graduates in law at a time when it was illegal for women to practise the profession.

1908

Sir Ernest Rutherford OM FRS

This chemist and physics pioneer, who would later 'split' the atom, becomes the University's first Nobel Prize winner in 1908.

2004

Prof Alan Gilbert AO

Alan Gilbert is appointed President and Vice-Chancellor in 2004, later establishing Equity and Merit Scholarships and the Manchester Access Programme.

2006

Prof Danielle George MBE

Danielle George is awarded her PhD. Ten years later she receives an MBE for her services to promote public engagement in engineering.

A global community

With more than 500,000 graduates worldwide, we're proud to welcome you to the largest alumni community of any UK campus-based university.

Half a million is not just a big number. It's a community with active groups all over the world.

Whether you're adventuring abroad or you're returning home – there's an alumni group wherever you go.

These groups offer you a diverse, highly skilled and welcoming network of friends and professional contacts. They also help you stay connected with the University.

Find your nearest alumni group or volunteer to start your own:
www.manchester.ac.uk/global-community

STELLIFY

Manchester has always been a pioneer of change – we're committed to looking forward and forging new paths. We created Stellify to support our students and graduates develop these qualities too.

During your time at Manchester you'll have embraced many different opportunities; broadened your horizons; examined and challenged real-world issues; led change; and given something back to local and global communities.

Each path was unique, but the cumulative impact and influence is far-reaching. We're proud that so many of you graduating embraced our collective commitment to social responsibility and made a difference.

IT'S TIME TO STELLIFY

It's time to Stellify
Be the focus, be the vision
Be the brightest in the universe
Be the future, be driven

There's half a million alumni
190 countries across the globe
25 Nobel laureates
This is our genetic code

There's stardust in your DNA
You are a meteorite
You are the pen tempting words
You are the lens sensing light

Be ten thousand degrees
Be light years travel in time
Be the star of the universe
And shine, shine, shine

*Lemn Sissay, poet, author and
Chancellor of The University of Manchester*

Highlights

2020-21

Social responsibility

This year has shown that even during the toughest of times, our University community has an unwavering commitment to social responsibility and sustainable development. Your efforts make Manchester an inspiring place to be and help to create a greener, fairer and healthier world.

Student Volunteering Week celebrates its best year yet

Despite disruption from the pandemic, more than 200 students took part in this year's virtual Volunteering Week. Across the week, students logged 140 hours of volunteering activities, from writing letters to seriously ill children, to supporting the work of orthopaedic surgeons looking to reach those in need of healthcare and prosthetic limbs in northern Uganda.

Manchester named the world's number one university in the Times Higher Education (THE) Impact Rankings

Thanks to the pioneering spirit of our University community, we topped the table of more than 1,200 universities worldwide on action taken towards the United Nations Sustainable Development Goals. Through research impact, learning and students, we continue to pave the way for social responsibility in higher education.

Student volunteers transform local shelter garden

Our students demonstrated their incredible community spirit and passion for social responsibility by volunteering to help transform the garden at the Women's Direct Access Shelter. They worked alongside local residents to create a space for shelter occupants to have a safe place to relax, socialise and receive support.

Library Peer Network demonstrates the potential of virtual communities

In October 2020, the Library's Student Team launched a virtual, peer-led academic support network for first-year students from widening participation and underrepresented backgrounds. Through one-to-one support and the production of open educational resources and podcasts, the project helps students whose lives have been heavily disrupted by the pandemic.

Other highlights from the year

Despite the challenging circumstances, Manchester students and staff were still able to achieve many great things. Here are just a few of the big stories from the year.

Army of student heroes at Alderley Park Lighthouse Laboratory

Staff and students at the University played a key role in helping establish the Alderley Park Lighthouse Laboratory, which has become a crucial component of the government's COVID-19 testing programme. Around half a million test samples are processed each day at the 'super lab', where dozens of our students and staff volunteer their time and expertise.

Music Society continues to lift spirits through lockdown performances

The Manchester University Music Society connected with local communities during lockdown by using online platforms to engage with community groups such as care homes, charities, schools and hospitals.

PhD student shortlisted for the Shaw Trust Disability Power 100, as one of the most influential disabled people in the UK

Alongside WalkRide GM, Harriet Larrington-Spencer (Geography) has been fundraising to purchase community E-Trikes as a first step in establishing a community library for adapted and non-standard cycles. So far, she has raised more than £10,000.

Student campaign leads to changes in hate crime recording

Graduates and current students from the University have been campaigning for nearly three years for all police forces in England and Wales to be asked to record crimes caused by hostility based on sex or gender; in March 2021, they won. This is a major step forward in the fight to have misogyny legally classed as a hate crime.

Stellify Award winners

The Stellify Award is the University's most prestigious extracurricular accolade. It's presented to students who have successfully engaged with the University's Ethical Grand Challenges, undertaken 25 hours (or more) of community volunteering and fulfilled two leadership roles.

In 2021, the graduates who have achieved the Stellify Award are as follows.

Outstanding Academic Achievement Awards

The University's award for Outstanding Academic Achievement is awarded to the top students in each graduating year based solely on academic performance. It consists of a certificate and an award of £1,000.

The prestigious award reflects the exceptional performance of the individual graduates during their time at The University of Manchester.

The Affirmation

New graduates in Bachelor of Dental Surgery Nursing and Midwifery Bachelor of Medicine Bachelor of Surgery Pharmacy

"I affirm that I will:

- make the care of patients my first concern;
- treat every patient politely and considerately;
- respect patients' dignity and privacy;
- listen to patients and respect their views;
- give patients information in a way they can understand;
- respect the right of patients to be fully involved in decisions about their care;
- keep my professional knowledge and skills up to date;
- recognise the limits of my professional competence;
- be honest and trustworthy;
- respect and protect confidential information;
- make sure my personal beliefs do not prejudice patients' care;
- act quickly to protect patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;
- avoid abuse of my position as a dentist; doctor; midwife; nurse or pharmacist
- work with colleagues in the ways that best serve patients' interests

In all these matters I will never discriminate unfairly against my patients or colleagues. I will always be prepared to justify my actions to them."

Graduates reply:"I so affirm".

Monday, 2 August — Friday, 6 August 2021

Stay connected

Congratulations, Class of 2021!

Welcome to your alumni community. We're here to help you maintain a lifelong connection with the University, city of Manchester and each other. We invite you to continue friendships, share experiences and inspire those who follow in your footsteps.

With more than 500,000 graduates worldwide, we're proud to have the largest alumni community of any campus-based university in the UK. We can help you connect with other graduates around the world to network and progress your career.

Update your personal details so we can stay in touch. We'll keep you updated on news and how to make the most of the Careers Service and the Library.

We can't wait to see what you do next.

Discover more at
www.manchester.ac.uk/alumni-community

Shape your future

As a new graduate of Manchester, you have opened up the doors to a whole range of opportunities. We're here to help you take your first steps into life after university. Here are five things you can do now to prepare for your future.

1

Graduate careers support

As a Manchester graduate, you have full access to the Careers Service for two years after you complete your course. This means you can continue to use all the support and resources, including careers guidance and application advice.

www.careers.manchester.ac.uk/graduates

2

Register on CareerConnect

Continue to use CareerConnect to search for graduate opportunities and events. Once your student account stops working, you can register for an alumni account.

careerconnect.manchester.ac.uk

3

Get application ready

Use CareerSet to create and tailor your CV and craft your cover letter.

www.careers.manchester.ac.uk/applicationsinterviews/cv/careerset

4

Join LinkedIn

Develop your professional profile and stay connected with others.

www.careers.manchester.ac.uk/applicationsinterviews/linkedin

5

Consider further study or research

If you are thinking about starting postgraduate study or research, we can help you consider your options and apply for programmes.

www.careers.manchester.ac.uk/study/postgraduatestudyandfunding

Next year, an agency working on our behalf will contact you to find out what opportunities you have explored since leaving the University. You'll be invited to complete the Graduate Outcomes Survey that will help us find out more about your journey in the first few months after graduation and inspire future generations of Manchester students.
