

## Manchester Vision Network Thursday 9th September 2021

Session Chair	Co-chair				
Chris Dickinson		9.25-9.30	INTRO/WELCOME		
Rob Lucas			Research Award Presentation		
Rob Lucas		9.30-10.15	Riccardo Storchi	Keynote	Multiplicity of motor actions in natural visually-driven behaviours & the impact of motor actions on visual processing
Chris Dickinson	David Foster	10.15-10.30		Paul Warren	The impact of choice difficulty on visual decision-making under risk
		10.30-10.45		Duncan Bradley	Perceived size of numerical values is influenced by their vertical positions in data visualisations
		10.45-11.00		Jake Taylor	Designing a digital assistant for users with visual impairment
		11.00-11.15		George Farmer	Pupil dilation encodes the Gambler's Fallacy
		11.15-11.30		Paddy Gunn	Scope of practice of optometrists working in the Hospital Eye Service in the UK: second national survey
TEA/COFFEE BREAK					
Hema Radhakrishnan	Paul Warren	11.45-12.00		Ketan Parmar	Autism and eye examination accessibility
		12.00-12.15		Sarah Smith	Life cycle analysis: end of life analysis of two contact lens replacement modalities
		12.15-12.30		Karen Lander	Evaluating the importance of dynamic information on the recognition of identity from face composites
		12.30-12.45		Benjamin Hamblin-Pyke	Perception of Emotion from Dynamic and Static Faces: Validating a Novel Methodology
		12.45-13.00		Moudhi Al Twajiri	Exploring the recognition of emotion from dynamic and static faces by people with Parkinson's
LUNCH BREAK					
Riccardo Storchi	Rob Lucas	13.40-13.55		Kasandra Swiderska	Dynamic characterisation of Meibomian gland structure
		13.55-14.10		Emma Dixon	Can the use of 'blue-blocking' spectacle lenses help to reduce eye strain?
		14.10-14.25		Josh Moulard	Using Colour to Tell the Time.
		14.25-14.40		Annette Allen	Antiphase regulation of rod and cone vision by the circadian clock
		14.40-14.55		Ian Murray	Development of a fast Dark Adaptometer
14.55-15.10		Richard Unwin	Genotype to Phenotype: Genetically driven increases in circulating Factor H-Related Proteins promote development of Age-Related Macular Degeneration		
Chris Dickinson		15.10-15.15		Voting for prize winners	
David Foster		15.15-16.00	Preeti Verghese	Keynote	Functional Vision in Macular Degeneration
Paul Warren	Chris Dickinson	16.00-16.10		Award of presentation prize
