

STAYING SAFE ON CAMPUS

COVID-19 hasn't gone away and we need to do everything we can to keep ourselves and others safe.

- Face coverings are mandatory in all indoor University spaces. Single use face coverings and hand sanitiser are available throughout campus.
- Try to maintain social distancing where possible and help by arriving to and leaving your lectures on time to let the next class in. Use online course spaces for questions after class.
- Test regularly by picking up a kit from one of our catering outlets. If you have symptoms of COVID-19 or have tested positive, you must self isolate and let us know so we can support you.
- We encourage everyone to get vaccinated against COVID-19 as soon as you can. Getting both doses of the vaccine gives you the best protection against coronavirus.

Thank you for helping keep our campus and community safe.
