“Chinese Culture Studies Program for Global Young Scholar 2021”

PROGRAM BROCHURE

1. Program name:

Chinese Culture Studies Program for Global Young Scholar 2021---The international Sinology Youth Workshop

“The idea of communality in the perspective of Chinese philosophy”

2. Time and venue:

Time: Nov 29th-Dec 3rd, 2021

Venue: Live Webcast (Global) & On-site main venue in Beijing Normal University

Scholars in Beijing will be invited to teach on-site, and international students from universities inside Beijing will also be invited to participate on-site under the condition of complying with the pandemic prevention policy of Beijing.

**Due to real-time epidemic situation, it may be adjusted to activities all online.*

3. Organizers:

Hosts: International Confucian Association,
Beijing Normal University

Organizers: School of Philosophy at Beijing Normal University

Research Center for Value and Culture at Beijing Normal University

4. Contents of program:

(1) Program background

The program is mainly targeting at outstanding young scholars overseas who are engaged in related research and “China Studies Program (CSP)” PhD students.

To bring the abundant resources of the International Confucian Association into full play, a number of experts and scholars of the International Confucian Association with diverse knowledge backgrounds, academic perspectives and instruction styles will teach for the program through various forms such as academic lectures, reading guide, theme discussions, tutor guidance, and student presentations.

This program aims to help participants to broaden their academic horizons, improve their academic level, promote international academic exchanges and cooperation, and promote the in-depth understandings of the new generation of research scholars in traditional Chinese thought and culture.

(2) Program content

Academic lecture: Lectures delivered by experts, including Scholar comments and Q&A sessions.

Academic dialogue: One scholar as the host, and a number of experts carry on a dialogue about the sub-theme of the program.

Group discussion: Participants will be divided into study groups according to the study theme, and the academic tutor will provide specific guidance for the participants.

Students debate: Participants will debate on two topics in groups on the last day of the course, and will be commented by experts at the end of the debate.
