

A week in the life of our LLB Law student, Tanishka

Hi, I am Tanishka, currently in my final year of LLB Law (Hons). I am from Mumbai, India, and I aim to become a Solicitor. The best part about my course is the large pool of opportunities for everyone and the skills that come along with. I am currently the Founder and President of the Lawyers Without Borders Student Division at the University of Manchester and the Secretary of the Pro Bono Society. I am also the Brand Ambassador of a Global Law Firm, Taylor Wessing. Furthermore, I am currently representing the University of Manchester in The Manfred Lachs Space Law Moot. I am super excited about this year's modules and extracurricular activities. I can't wait to meet new people and gain new skills!
