

A week in the life of our Criminology student, Amy

Hi, my name is Amy and I'm a third year (BA) Criminology student here at the University of Manchester! I am originally from Bedfordshire but have definitely been converted to the North during my degree – so much so that I'm hoping to live here once I graduate. The only thing I do miss is my little cat Billy! Although I work a lot I do like to spend my spare time doing really fun things such as skydiving and exploring all the cool places in Manchester like the newly opened Alcotraz bar. I hope you enjoy finding out what a typical week looks like for me as a third year university student.

- Formal study hours
- Informal study hours
- Student society
- Part-time work
- Social activities
