

A week in the life of our MLBM (German) student, Dylan

Hey! I'm Dylan, and I'm currently in my fourth year of Business Management & Modern Language (German). What I love about my course is the variation of assessments in my modules, as well as formal written exams, we also have coursework, group projects and presentations. As it's my final year, as well as being busy with university work, I will be applying to lots of graduate schemes in the hopes of securing a job for when I graduate. Outside my studies, I love fitness and going to the gym. I'm also very much into my dance music and in my opinion, the warehouse project in Piccadilly is the best night out in Manchester!

- Formal study hours
- Informal study hours
- Student society
- Part-time work
- Social activities
