

A week in the life of our MLBM (Chinese) student, Haizea

Hey! I'm Haizea, currently in my final year of Business

Management and Chinese Studies (MLBM). I come from Spain and I'm passionate about culture. Here in Manchester, I love the fact I'm always exposed to international students who like to share a bit of knowledge about their country and traditions with me. When it's rainy I enjoy going to the Whitworth Gallery, watching a film with friends, and having a nice dinner with some white wine.
