

Blackboard Test– Hide & Release Marks

Overview

When you deploy a **Test** in Blackboard content area, a column is automatically added in the Grade Centre. As part of the Test setting, you need to **hide** this column from students view until the agreed release date.

Hiding Marks

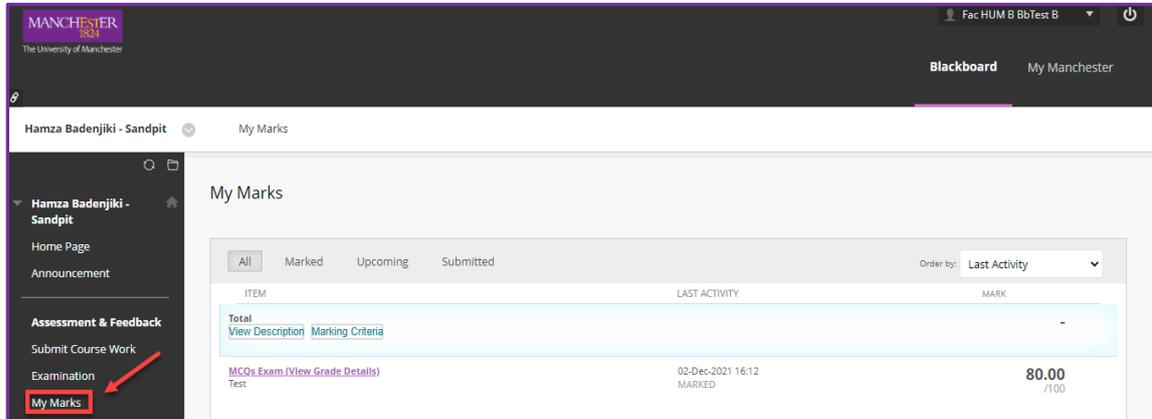

1. Go to **Course Management** on the menu
2. Locate **Grade Centre**.
3. Click **Tests**.
4. Click on the arrow button next to the required test column heading.
5. Select **Hide from Students (on/off)** from the drop down list.
6. The column will display a circle with red line icon when it is hidden.

Releasing Marks:

1. Repeat the steps above (1 to 5) to unhide the column and make sure the circle with red line is **not** there.

Once this is completed, students can view their marks through **My Marks**. (Student's view pictured below)

The screenshot shows the Blackboard interface for a student named Hamza Badenjiki - Sandpit. The page is titled "My Marks" and displays a table of assessment results. The table has columns for ITEM, LAST ACTIVITY, and MARK. A red box highlights the "My Marks" option in the left-hand navigation menu, with a red arrow pointing to it. The table shows a total mark of 80.00 / 100 for the "MCOs Exam (View Grade Details)" test, which was marked on 02-Dec-2021 at 16:12.
