

Face coverings: What affects your behaviour in a retail consulting environment?

What is the study focus?

This PROTECT National Core Study explores the wearing of face coverings amongst **workers** and **members of the public** within small consulting rooms within a retail environment.

For example, within pharmacies, opticians and hair & beauty salons, where personal services are provided away from the busy shop floor.

Why take part?

By volunteering you can:

- Help inform policy and practice
- Help ensure the continued safe operation of retailers using consulting rooms
- Help inform evidence based-behaviour change campaigns
- Be entered into a free prize draw to win £10, £25 or £50 of retail vouchers

Who can take part?

You are eligible to take part if you are aged 18 years or over and:

• You are a **worker** providing services within a retail consulting room in the UK.

or

• You are a **member of the public** and have visited a retail consulting premises (e.g. pharmacist, audiologist, beauty therapist etc) within the last three years.

How can I get involved?

Participate in an interview or focus group discussion

Complete an online survey

Tell us your thoughts, behaviours and experiences surrounding the use of face coverings within a retail consulting environment Complete a short online survey of your opinions and behaviours surrounding the use of face coverings within a retail consulting environment

Survey now open - www.surveymonkey.com/r/PROTECTstudy

All participation is voluntary and all contributions will be anonymised.
