DEGREE CELEBRATIONS

December 2021

A portrait of Professor Dame Nancy Rothwell, President and Vice-Chancellor of The University of Manchester. She is an older woman with short, blonde hair, wearing a dark blue jacket with white stripes on the sleeves. She is smiling slightly and has her arms crossed.

“Use your head,
but follow your heart.”

Professor Dame Nancy Rothwell,
President and Vice-Chancellor
of The University of Manchester

Congratulations from the President and Vice-Chancellor

I welcome you all – graduands, family members and friends – to The University of Manchester for this degree congregation. This is a time of celebration and I hope you enjoy this special occasion as we hold our first in person graduation ceremonies since the start of the pandemic.

For our graduands this is the perfect opportunity to reflect on your time at Manchester, to think about your successes and accomplishments, and to look forward with excitement to whatever the future holds.

As you are presented for conferment of your degree, the University shares with you a great sense of pride in the award you have worked so hard to achieve. I encourage you to take charge of your future, find your voice and form your own opinions. Have confidence in the knowledge and experience you have gained during your time here and, as you collect your degree, know you are ready to take on your next challenge and shape your own future.

These celebrations mark not the end of your relationship with the University but the start of a new chapter. You are now part of a worldwide network, and it is my hope that the links between you and the University will grow stronger as you become an active member of one of the world's largest global alumni communities.

I wish you every success for the future and hope you have a truly memorable day.

A handwritten signature in black ink that reads "Nancy Rothwell".

Professor Dame Nancy Rothwell

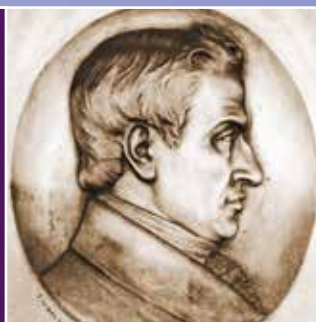

Leading the way

Throughout our history, Manchester has helped shape the world through knowledge, wisdom and humanity. Our staff and alumni instil in our students and graduates a desire to improve people's lives through research, teaching and social responsibility, investing in the future of others.

1851

John Owens

Owens College is formed with the fortune of Manchester industrialist John Owens.

1948

Prof Alan Turing OBE FRS

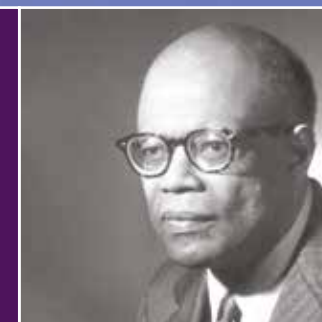

The famed wartime codebreaker joins the University, where he would gain a reputation as the father of modern computing.

1979

Sir Arthur Lewis

Britain's first Black professor, Arthur Lewis wins the 1979 Nobel Prize for Economics.

2017

Danielle George is awarded her PhD. Ten years later she receives an MBE for her services to promote public engagement in engineering.

A global community

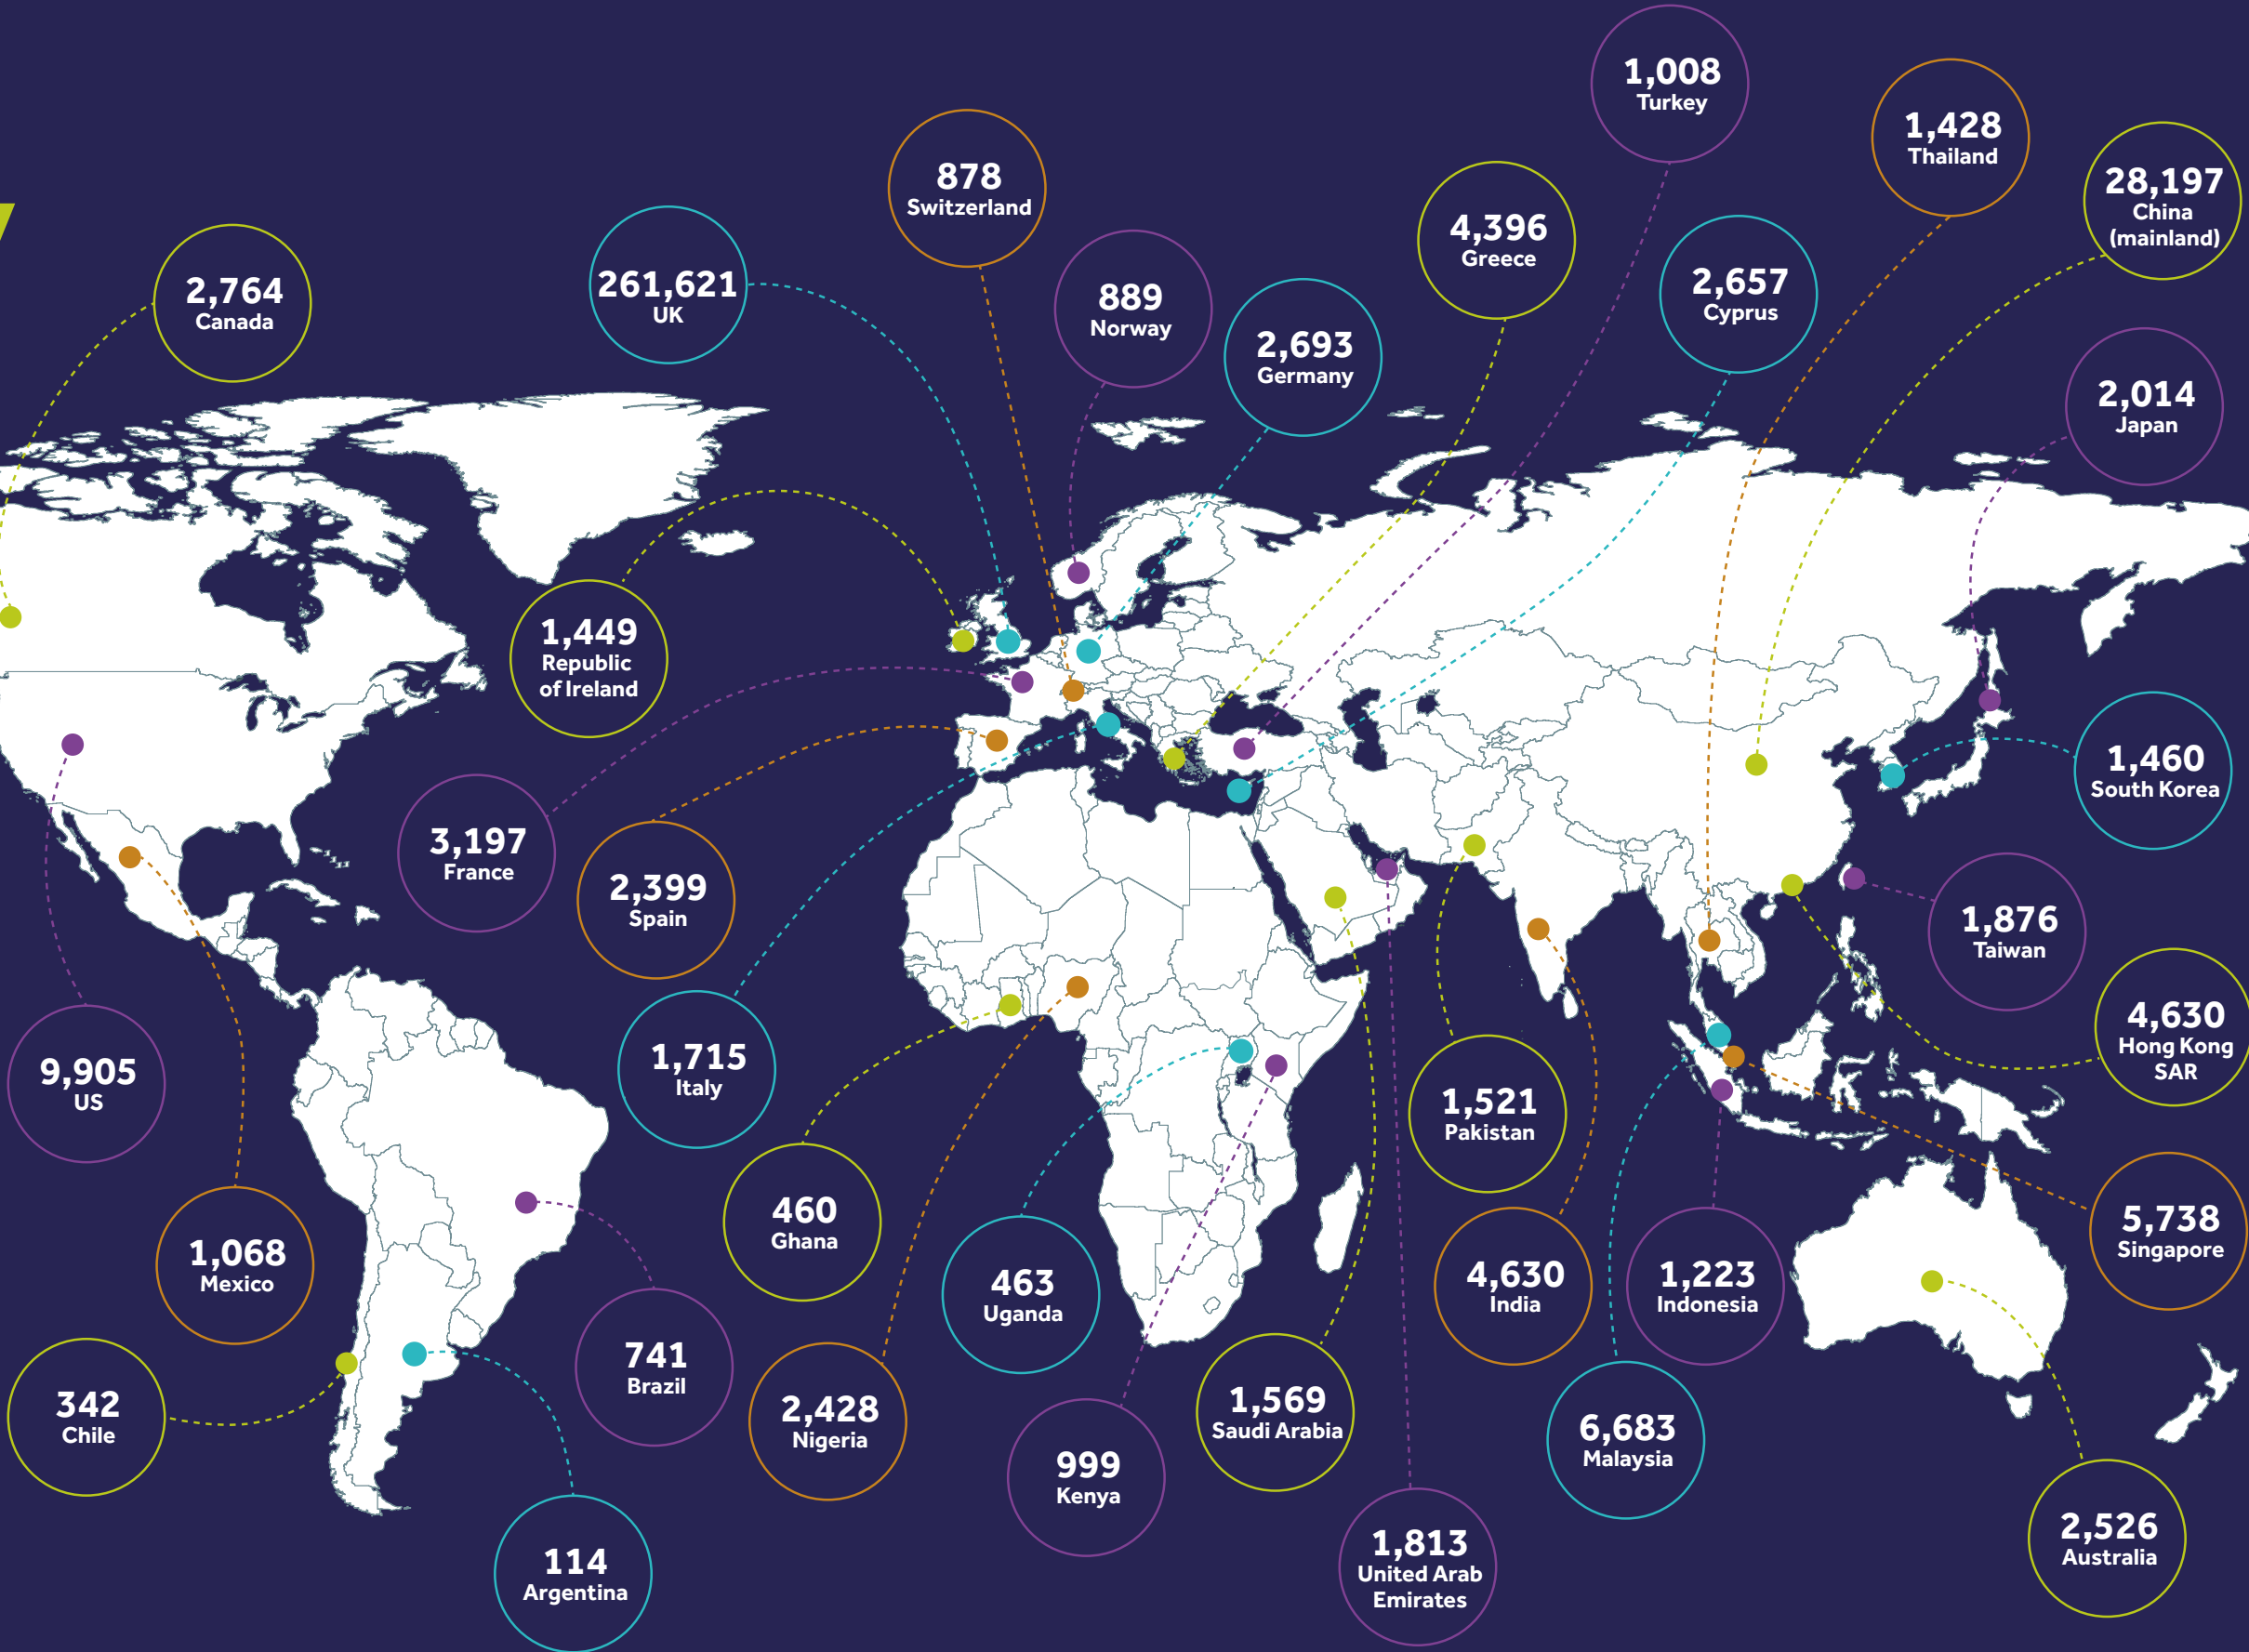

With more than 500,000 graduates worldwide, we're proud to welcome you to the largest alumni community of any UK campus-based university.

Half a million is not just a big number. It's a community with active groups all over the world.

Whether you're adventuring abroad or you're returning home – there's an alumni group wherever you go.

These groups offer you a diverse, highly skilled and welcoming network of friends and professional contacts. They also help you stay connected with the University.

Find your nearest alumni group or volunteer to start your own: : www.manchester.ac.uk/global-community

STELLIFY

Manchester has always been a pioneer of change – we're committed to looking forward and forging new paths. We created Stellify to support our students and graduates develop these qualities too.

During your time at Manchester you'll have embraced many different opportunities; broadened your horizons; examined and challenged real-world issues; led change; and given something back to local and global communities.

Each path was unique, but the cumulative impact and influence is far-reaching. We're proud that so many of you graduating embraced our collective commitment to social responsibility and made a difference.

IT'S TIME TO STELLIFY

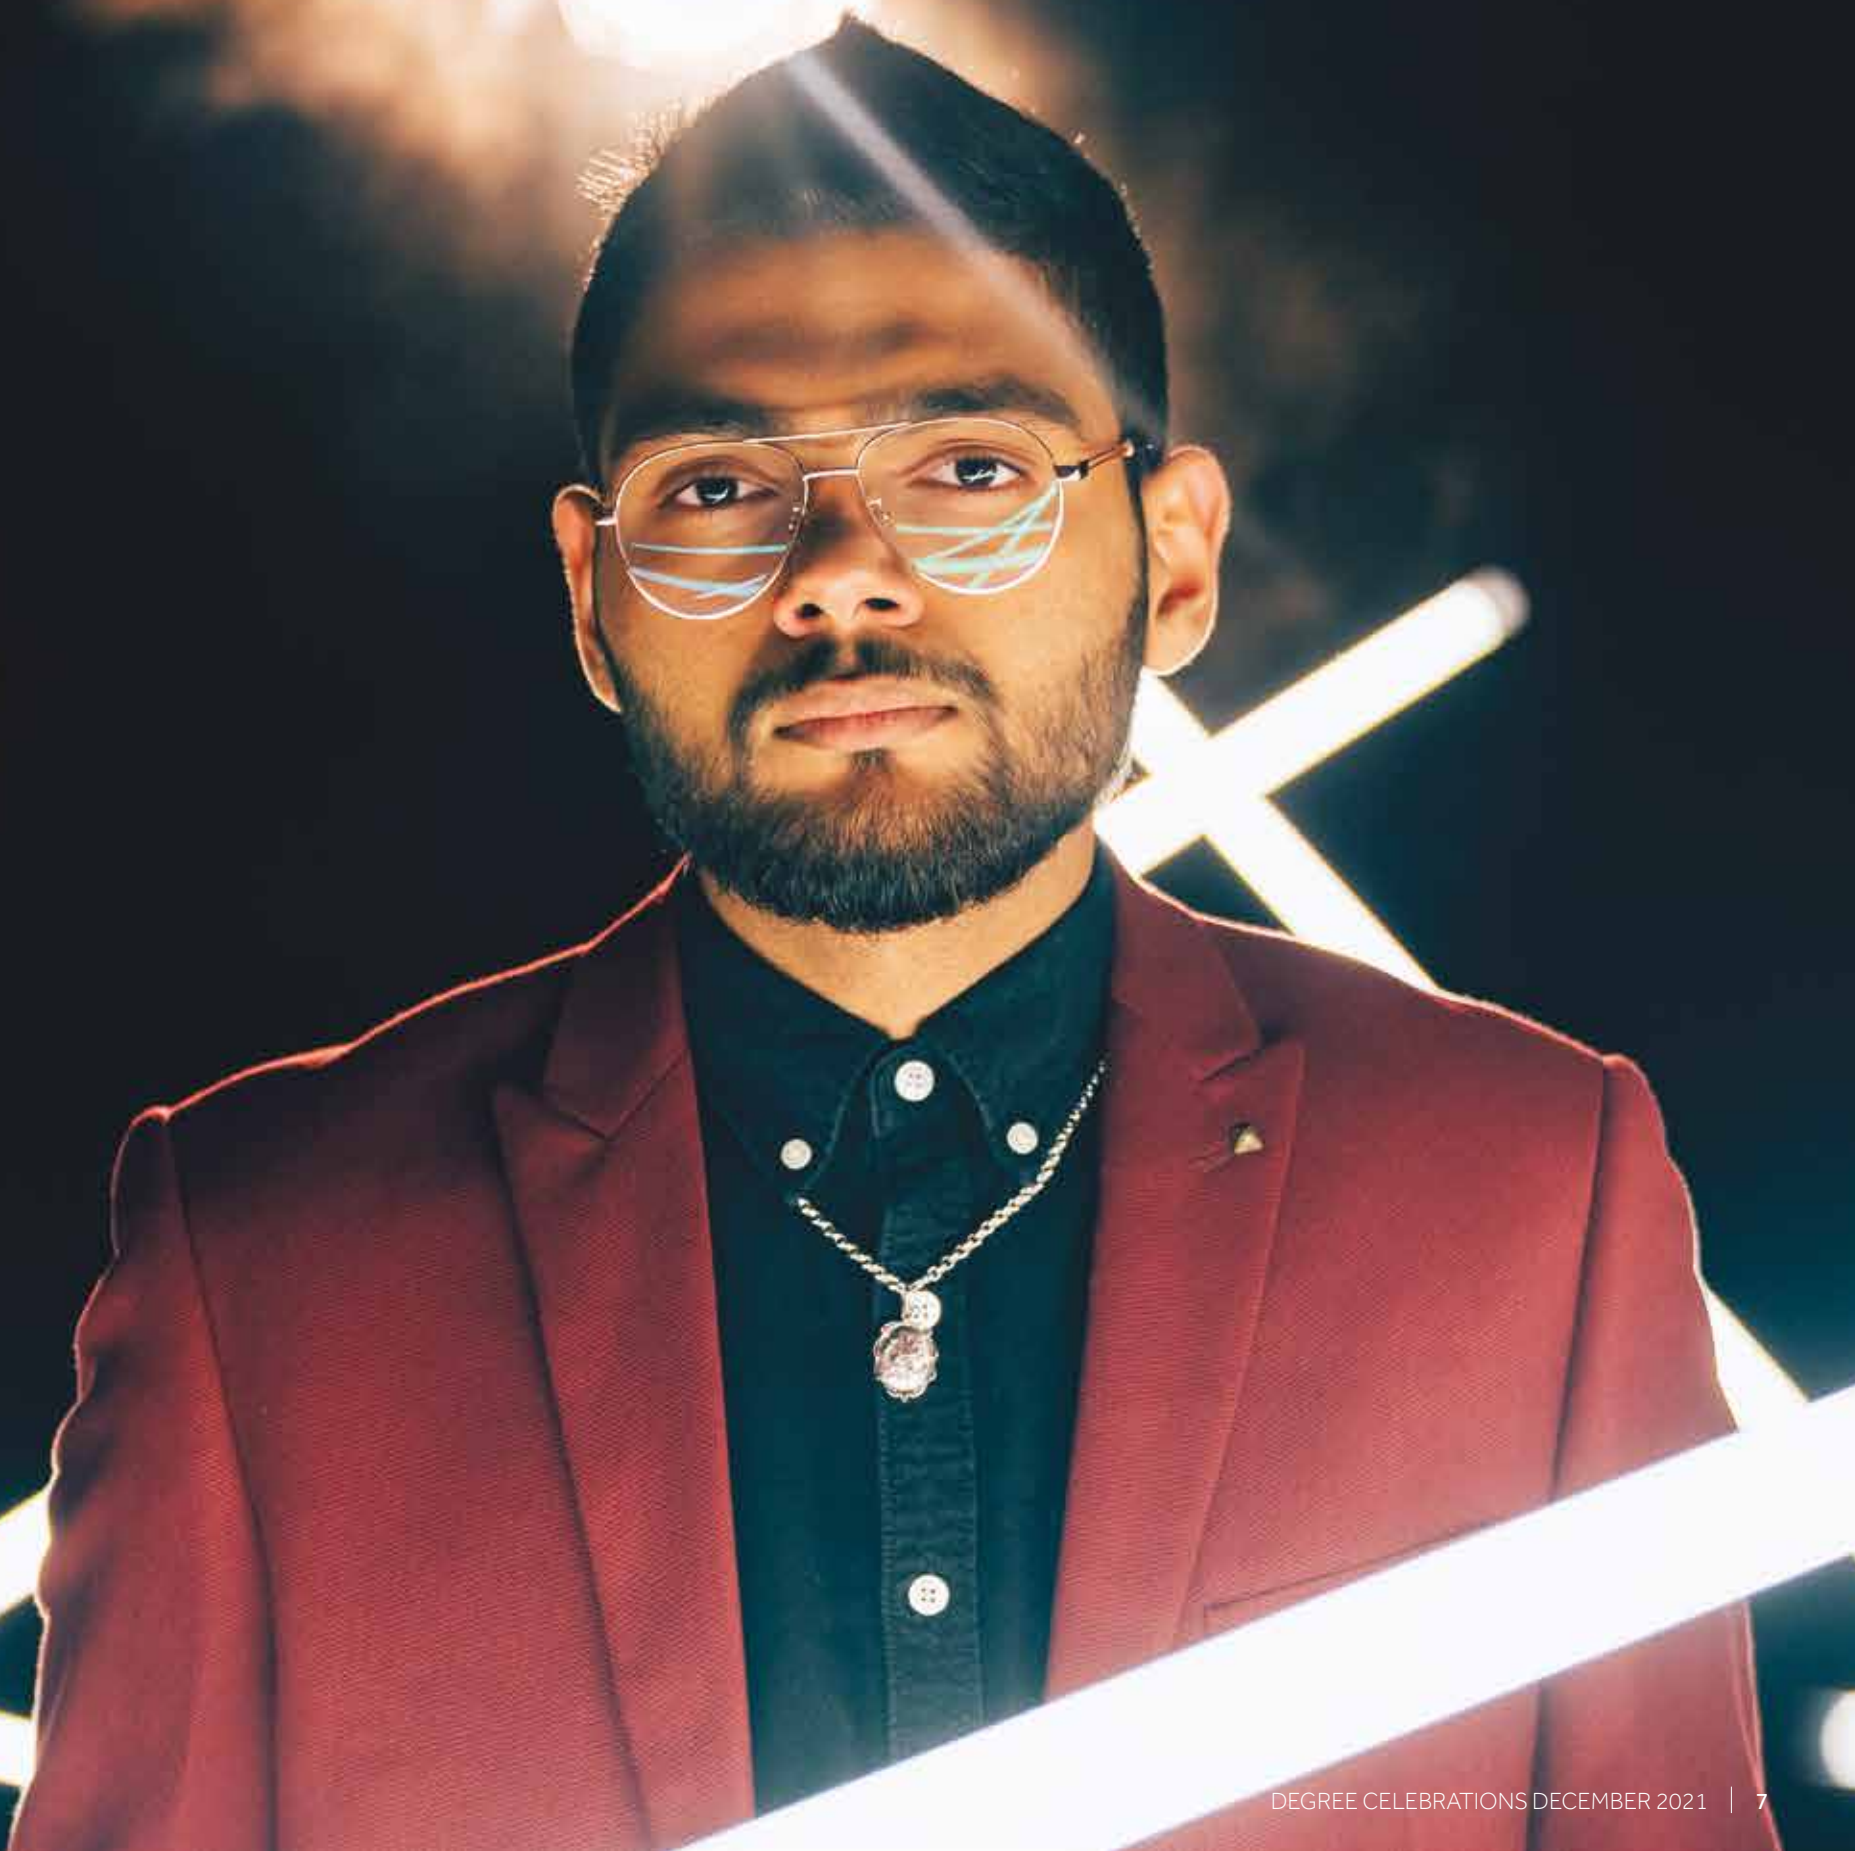

It's time to Stellify
Be the focus, be the vision
Be the brightest in the universe
Be the future, be driven

There's half a million alumni
190 countries across the globe
25 Nobel laureates
This is our genetic code

There's stardust in your DNA
You are a meteorite
You are the pen tempting words
You are the lens sensing light

Be ten thousand degrees
Be light years travel in time
Be the star of the universe
And shine, shine, shine

*Lemn Sissay, poet, author and
Chancellor of The University of Manchester*

Highlights

2020-21 Social responsibility

This year has shown that even during the toughest of times, our university community has an unwavering commitment to social responsibility and sustainable development. Your efforts not only makes our university an inspiring place to be, but helps create a greener, fairer and healthier world.

Manchester named the world's number one university in the Times Higher Education (THE) Impact Rankings

Thanks to the pioneering spirit of our university community, we topped the table of more than 1,200 universities worldwide on action taken towards the United Nations Sustainable Development Goals. Through research impact, learning and students we continue to pave the way for social responsibility in higher education.

Other highlights from the year

Despite the challenging circumstances, Manchester students and staff were still able to make ground-breaking achievements. Here's just a handful of the biggest stories from the past year.

Medic student recognised in The top 100 most Outstanding Black University Students in the UK

George Obolo, a third year Medicine student, placed within the top 5 in the 2021/22 edition of Powerlist Magazine's Future Leaders. This comes in recognition of The Black Excellence Network, a non-profit organisation he co-founded to help tackle the racial disparities between black students and other ethnicities within UK higher education.

Library Peer Network demonstrates the potential of virtual communities

In October 2020, the Library's Student Team launched a virtual peer-led academic support network for first year students from widening participation and underrepresented backgrounds. Through 1-1 support and the production of open educational resources and podcasts, the project supports students whose lives have been heavily disrupted by the pandemic.

Student volunteers transform local shelter garden

Our students demonstrated their incredible community spirit and passion for social responsibility by volunteering to help transform the garden at the Women's Direct Access Shelter. They worked alongside local residents to create a space for shelter occupants to have a safe place to relax, socialise and receive support.

Marcus Rashford MBE receives Honorary Degree

The international footballer was awarded his Honorary Doctorate for his ongoing charity work and inspiring campaign against child poverty off the field, as well as his outstanding sporting achievements on the pitch.

Army of student heroes at Alderley Park Lighthouse Laboratory

Staff and students at the University played a key role in helping establish the Alderley Park Lighthouse Laboratory which has become a crucial component of the Government's COVID-19 testing programme. Around half a million test samples are processed each day at the 'super lab', where dozens of our students and staff volunteer their time and expertise.

Student Volunteering Week celebrates its best year yet

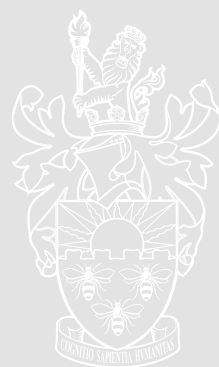

Despite disruption from the pandemic, more than 200 students took part in this year's virtual Volunteering Week. Across the week, students each logged 140 hours of volunteering; writing letters to seriously ill children and contributing to community mapping to help orthopaedic surgeons reach those in need of healthcare and prosthetic limbs in Northern Uganda.

Paralympic champion

Grace Harvey, a third-year Immunology student with cerebral palsy, won silver for Great Britain in the women's SB5 100m breaststroke at the Paralympics in Tokyo.

President's Doctoral Scholars

Each year the University presents the **President's Doctoral Scholar Award**, the highest accolade bestowed upon **members of our postgraduate researcher community**. It's awarded to approximately 3% of our research students who demonstrate academic excellence and leadership potential.

The Affirmation Read by Dr Ingo Schiessl
(graduates in Master of Pharmacy standing.)

- "I affirm that I will:
- make the care of my patients my first concern;
 - treat every patient politely and considerately;
 - respect patients' dignity and privacy;
 - listen to patients and respect their views;
 - give patients information in a way they can understand;
 - respect the right of patients to be fully involved in decisions about their care;
 - keep my professional knowledge and skills up to date;
 - recognise the limits of my professional competence;
 - be honest and trustworthy;
 - respect and protect confidential information;
 - make sure my personal beliefs do not prejudice my patients' care;
 - act quickly to protect my patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;
 - avoid abuse of my position as a pharmacist;
 - work with colleagues in the ways that best serve patients' interests.

In all these matters I will never discriminate unfairly against my patients or colleagues. I will always be prepared to justify my actions to them."

Graduates reply: "I so affirm".

The Affirmation
Read by Dr Carol Yates

*(graduates in Bachelor of Dental
Surgery, Bachelor of Medicine,
Bachelor of Surgery standing.)*

"I affirm that I will:

- make the care of my patients my first concern;
- treat every patient politely and considerately;
- respect patients' dignity and privacy;
- listen to patients and respect their views;
- give patients information in a way they can understand;
- respect the right of patients to be fully involved in decisions about their care;
- keep my professional knowledge and skills up to date;

- recognise the limits of my professional competence;
- be honest and trustworthy;
- respect and protect confidential information;
- make sure my personal beliefs do not prejudice my patients' care;
- act quickly to protect my patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;
- avoid abuse of my position as a dentist, doctor;
- work with colleagues in the ways that best serve patients' interests.

In all these matters I will never discriminate unfairly against my patients or colleagues. I will always be prepared to justify my actions to them."

Graduates reply: "I so affirm".

Stay connected

Congratulations, Class of 2021!

Welcome to your alumni community. We're here to help you maintain a lifelong connection with the University, city of Manchester and each other. We invite you to continue friendships, share experiences and inspire those who follow in your footsteps.

With more than 500,000 graduates worldwide, we're proud to have the largest alumni community of any campus-based university in the UK. We can help you connect with other graduates around the world to network and progress your career.

Update your personal details so we can stay in touch. We'll keep you updated on news and how to make the most of the Careers Service and the Library.

We can't wait to see what you do next.

Shape your future

As a new graduate of Manchester, you have opened up the doors to a whole range of opportunities. We're here to help you take your first steps into life after university. Here are five things you can do now to prepare for your future.

1

Graduate careers support

As a Manchester graduate, you have full access to the Careers Service for two years after you complete your course. This means you can continue to use all the support and resources, including careers guidance, interview practice and application advice appointments.

www.careers.manchester.ac.uk/graduates

2

Register on CareerConnect

Continue to use CareerConnect to search for graduate opportunities, appointments and events. Once your student account stops working, you can register for an alumni account.

www.careerconnect.manchester.ac.uk

3

Get application ready

Use our learning and support pathways to help you with CVs, cover letters and applications for jobs and further study.

www.careers.manchester.ac.uk/services/ondemand/pathways

4

Join LinkedIn

Develop your professional profile and stay connected with others.

www.careers.manchester.ac.uk/applicationsinterviews/linkedin

5

Consider further study or research

If you are thinking about starting postgraduate study or research, we can help you consider your options and apply for programmes.

www.careers.manchester.ac.uk/study/postgraduatestudyandfunding

In around 15 months' time, an agency on our behalf will be contacting you to find out what you have gone on to do after leaving University. You'll be invited to complete the Graduate Outcomes Survey. Your response will help us find out what you are doing after graduation, allow us to celebrate your success and will inspire future generations of Manchester graduates.

During the course of this event no alarm test or an emergency evacuation practice has been planned. Therefore, if the alarm, which is a single stage alarm is activated it should be treated as a potential incident requiring evacuation.

Graduands and guests are asked to remain calm and seated and follow the instructions given by stewarding staff.

The assembly point is on the front quadrangle which is adjacent to the Whitworth Hall in front of the John Owens Building.
