**FACTORY FINISHED
EDGES READY
FOR FITTING**

All minerva® worksurfaces are supplied ready for installation with smooth factory machined edges.

No need, therefore, for time consuming and messy preparation work as edges are finished and ready for fitting.

**FASTER LEAD TIMES,
QUICKER
INSTALLATION**

minerva® cuts the wait and cost usually associated with choosing solid worksurfaces, saving you time and money.

**IMPERCEPTIBLE,
SEAMLESS,
SOLID JOINTS**

Whether you are using the services of a professional installer or doing the job yourself, minerva® is designed to deliver the best possible aesthetic results.

**PRE-FABRICATED
FEATURES**

Undermounted bowls teamed with designer drainer grooves, breakfast bars, splashbacks and upstands, these are just some of the added attractions of choosing minerva® for your kitchen.

CUSTOM SERVICE

Our Custom Service department specialises in producing the extraordinary.

Colours

Available in 12 stunning decors from Carrara White to Black Storm, minerva offers an extensive colour palette to complement all styles of kitchen and bathroom.

All the information you need

worksurface

splashback & upstand

sink modules

minerva* solid surfaces come with our 10 year guarantee* and are supported by the FIRA Gold Award for product excellence – this is testimony to the fact that we use only the most superior materials and our products are constantly tested to ensure they are manufactured to the highest standards.

minerva* has been developed for the domestic environment, especially the kitchen. Although no 'special' maintenance is needed, we recommend the following is adhered to, as prevention is always better than cure.

Routine cleaning

minerva* does not require any specialist cleaning regimes, most dirt and light residue will easily wipe off with a damp cloth and soapy water. The work surface should then be rinsed with clean water and wiped dry. Persistent marks can be removed by using a mild abrasive cleaner, but harsh scouring powders should be avoided. If in doubt, consult our care and maintenance guide.

Minor scratching

Kitchen utensils and crockery (particularly the unglazed bases) can sometimes cause scratches that will be more evident on darker colours. The surface can be damaged by scratching or cutting with knives, so the use of a cutting board is essential. Any minor scratches can easily be removed using the grey abrasive pad and other items from the **minerva*** care kit. Please refer to the care and maintenance guide.

Heat

minerva's surface will withstand heat better than many alternative surface materials. However, all hot pots, pans and other heat generating devices should always be placed on a trivet or worktop protector rods to prevent extreme heat having prolonged and direct contact with the surface. Boiling water and cooking splashes do not harm the surface.

Staining

minerva*, unlike marble and granite, is not porous and will resist most household chemicals including alcohol and cosmetics, however, some chemicals and strong dyes can cause damage and discolouration. If spillage occurs, wipe off immediately and rinse area thoroughly.

Standard woodworking tools

minerva* can easily be cut on site ready for jointing using standard woodworking tools and equipment.

Accessories

- **minerva*** jointing kit (75ml adhesive sachet, sanding discs and grey abrasive pad to finish)
- Individual 7.5ml adhesive sachet
- Installation, care and maintenance DVD
- Stainless steel finish worktop protector rods (pack of 6)
- **minerva*** care kit (countertop cleaner, ergonomic foam sanding pad, microfibre cleaning cloth, 320 grit and 500 grit sanding discs and grey abrasive pad)

minerva* care kit

To help maintain your **minerva*** work surface, a care kit is available from your retailer. This kit contains all you need to make minor repairs to the surface and a special cleaner that helps to maintain, protect and build up lustre, particularly on darker colours.

Our commitment to customer service

When you choose **minerva*** you do so secure in the knowledge that you are buying a proven, reliable product; a product that is truly at the forefront of modern work surface technology.

Our Customer Care department is on hand to offer you help, support and advice all year round.
