

## POSTGRADUATE RESEARCH - A PERSPECTIVE ON SURVIVING AND THRIVING THROUGH COVID-19

**Are you concerned or worried about a loss of expertise due to COVID-19?**

**Do you feel COVID-19 has restricted your ability to gain certain skills?**

**Are you afraid this may impact on your examination and your employability?**

You are invited to join our panel discussion on **PGRs Surviving and Thriving during COVID-19**. During the discussion, facilitated by PGR rep, Dr Perpetual Eze-Idehen, you will hear from a diverse range of speakers including academics, current PGRs and graduates from across all three Faculties. Speakers will share their experiences and provide advice on COVID-19 impacted examinations, progress reviews and employability. You will have the opportunity to hear from your peers, ask questions and reflect.

### **Panel 1 - Examining COVID Impacted Theses**

Speakers include Prof Scott Heath Associate Dean for PGRs and Early Career Researchers in Science and Engineering, Dr Debbie Smith PGR Experience Lead in Biology, Medicine and Health, Dr Admos Chimhowu Deputy Associate Dean PGR in Humanities, Dr Rob Lindsay PGR Director School of Materials.

### **Panel 2 - Progress Review and Gaining Momentum**

Speakers include supervisors Prof Megan Jobson (Science and Engineering), Prof Dawn Edge (Humanities), Dr Vladimir Jankovic (Biology, Medicine and Health), Dr Jane Brooks (Biology, Medicine and Health).

### **Panel 3 - Employability of PGRs post COVID**

Speakers include Elizabeth Wilkinson (Careers Service), Dr Tom Rodgers (Discipline Head of Education – CEAS), **Current PGRs and Recent graduates** including Rahul Khetan, Dr Ashley Williams, Dr Hassan Abdullahi, Dr Olubukola Rufia, Dr Angelique Hartwig, Dr Abdulmalik Ajenifuja, Dr Pallabi Haldar, Dr Nicole Renehan and Dr Effran Mirzad Rafael.

**Please join us online on Thursday 10 March 2022  
from 10.30 -12.00.**

**Register here for this event.**
