**Not existential indefinites
But modal existential indefinites**

**Not *There was somebody at the door.*
But *There was somebody to talk to.***

And here we don't find the *ni-* pronouns, but one type of *ne-* pronouns!

Nam **nečego** *delat*'.

us nothing do

'There is nothing for us to do.'

Nam **nečego** *delat*'.
us nothing do
'There is nothing for us to do.'

Nam **est' čto** *delat*'.
us is what do
'There is something for us to do.'

Nam **nečego** *delat*’.
us nothing do
‘There is nothing for us to do.’

Nam **nečego bylo** *delat*’.
us nothing was do
‘There was nothing for us to do.’

Nam **nečego budet** *delat*’.
us nothing will.be do
‘There will be nothing for us to do.’

Nam **est’ čto** *delat*’.
us is what do
‘There is something for us to do.’

Nam **bylo čto** *delat*’.
us was what do
‘There was something for us to do.’

Nam **budet čto** *delat*’.
us will.be what do
‘There will be something for us to do.’

Nam **nečego** *delat*’.
us nothing do
‘There is nothing for us to do.’

Nam **nečego bylo** *delat*’.
us nothing was do
‘There was nothing for us to do.’

Nam **nečego budet** *delat*’.
us nothing will.be do
‘There will be nothing for us to do.’

Negative existential indefinite pronoun
i.e., a special negative indefinite pronoun

Nam **est’ čto** *delat*’.
us is what do
‘There is something for us to do.’

Nam **bylo čto** *delat*’.
us was what do
‘There was something for us to do.’

Nam **budet čto** *delat*’.
us will.be what do
‘There will be something for us to do.’

Švedova (1970), Holvoet (1999), Willis (2013),
Fortuin (2014), Mazzitelli (2018)

*Nam **nečego** delat'.*

CONCLUSION

'existential indefinite construction'

'negative existential indefinite construction'

‘negative existential indefinite construction’

4 cycles

**There are no such cycles
deriving from specific existential constructions**

Takes us back to Khmer & Malayo-Polynesian data

**There are no such cycles
deriving from specific existential constructions**

Takes us back to Khmer & Malayo-Polynesian data

**EXISTENTIAL INDEFINITENESS IS MORE STRONGLY ASSOCIATED
WITH NEGATIVE INDEFINITENESS**
