Descriptions of the workshops:

History:
Liberal Arts: ***'Are Robots Human?***   In this workshop, we will be examining this question and its wider implications across a variety of different disciplines. The aim of this workshop is to encourage you to think critically and engage your academic interest with an issue you may not have thought was relevant to you before. Through taking part in this workshop, you will get a glimpse of the interdisciplinary nature that is fundamental to Liberal Arts.
Art History:
Classics/Ancient History: ***The Shield of Achilles***   tbc
Religions & Theology:
Archaeology: ***Experimental Archaeology Session***   Join us in exploring the lives of people living in ancient times through the material culture they have left behind. We will have a go at some experimental archaeology techniques making items that people would have used in their daily lives.
American Studies: ***Introducing American Studies: The American Dream***
