

Contextual Data Education Indicators: 2024 Cycle

Schools are listed in alphabetical order.

Level 2: GCSE or equivalent level qualifications

Level 3: A Level or equivalent level qualifications

You can use **CTRL + F/**
Command + F to search for
your school or college.

Notes:

1. The education indicators are based on a combination of three years' of school performance data, where available, and combined using z-score methodology. For further information on this please follow the link below.
2. 'Yes' in the Level 2 or Level 3 column means that a candidate from this school, studying at this level, meets the criteria for an education indicator.
3. 'No' in the Level 2 or Level 3 column means that a candidate from this school, studying at this level, does not meet the criteria for an education indicator.
4. 'N/A' indicates that there is no reliable data available for this school for this particular level of study. All independent schools are also flagged as N/A due to the lack of reliable data available.
5. Contextual data is only applicable for schools in England, Scotland, Wales and Northern Ireland meaning only schools from these countries will appear in this list. If your school does not appear please contact contextualdata@manchester.ac.uk.

For full information on contextual data and how it is used please refer to our website www.manchester.ac.uk/contextualdata or contact contextualdata@manchester.ac.uk.

School Name	Address 1	Address 2	Post Code	Level 2 Education Indicator	Level 3 Education Indicator
