

ACADEMIC SUCCESS PROGRAMME

School of Environment, Education and Development

Our academic English writing workshops are delivered in blocks of four, with regular start dates. Each interactive workshop lasts 1 hour 30 minutes, and you can take the blocks in either order.

Writing an assignment

1	My academic writing Entering your academic community and understanding your writer's voice.
2	The writing process Strategies for managing your time and approaching your writing.
3	Reading into writing Strategic, focused reading to inform your writing.
4	Building an effective argument and supporting it with the literature Strengthening your arguments and connecting them to your reading.

Expressing criticality

1	"You need to be more critical in your writing" How to write more critically.
2	Making referencing impactful Should you reference, and what is the best way to do it?
3	Adopting a stance Expressing your stance and arguing your point.
4	Expansion and flow Developing your text and connecting your ideas together smoothly.
