

The University of Manchester
Zochonis / H.E. David Travel Awards
Academic Year 2024/2025 - Notes of Guidance

ZOCHONIS SPECIAL ENTERPRISE AWARD

Awards from the Zochonis Special Enterprise Fund are named after Sir John Zochonis, the Manchester soap magnate, chairman for 20 years of cosmetics giant PZ Cussons, formerly known as Paterson Zochonis, until 1993.

The Fund has given away millions to regional, national and international causes. Sir John formed the Zochonis Charitable Trust, which has given over £26 million in grants.

Awards will be made to assist currently registered students with the cost of a project or special study, including Travel and Subsistence but not Clothing & Equipment.

The project must demonstrate enterprise and initiative and originality of thought, in planning and execution. Such projects or special studies need not relate to a student's programme of study.

Normally grants will not be made where the project is a compulsory requirement of the student's course. The awards **WILL NOT** contribute towards the cost of Medical and Nursing Electives / Internships / University organised placements (Year Abroad / Year in Industry) / PhD Fieldwork Placements/PhD Research, or for the attendance at conferences. Examples of unsuccessful applications have included: Study Abroad Years; PhD Conferences.

Awards made from the Zochonis Special Enterprise Fund are normally between £75.00 and £2,500.00 in exceptional circumstances.

H.E. DAVID TRAVELLING SCHOLARSHIP

The purpose of the H.E. David Scholarship is to foster international understanding and goodwill by enabling members of the University to travel and study in foreign countries.

Founded under a gift of £1500 from the Trustees of the late H.E. David, the income of which is to be devoted to a Travelling Scholarship or Bursary. H.E. David Scholarships and Bursaries are different from Zochonis Special Enterprise Awards in the following respects:

(a) in making the awards preference is given to travel and study on the continent of Europe; (b) the awards are open to men and women who have graduated from the University of Manchester not more than 3 years previously, as well as to currently-registered students who have completed satisfactorily at least two academic years in the University; (c) the funds available for disbursement are much more limited, both in the number of awards made and the amounts given (normally less than £1500).

Applications for both the Zochonis & H.E. David Travelling Scholarship may be submitted individually or by a group of students, including those involving students from more than one School. **GROUP APPLICATIONS – EACH MEMBER OF THE GROUP MUST SUBMIT A DETAILED STATEMENT ABOUT THEIR OWN INVOLVEMENT IN THE TRIP.**

Only in exceptional circumstances would a candidate previously successful in a competition for an award be eligible for consideration in a subsequent competition. In such circumstances an application from a previously successful candidate would be given a lower priority than applications from first-time applicants.

Students must declare if they have applied for the Award in a previous year and state whether their application was successful or not.

Zochonis and H.E. David Travel Awards will usually cover new applicant travel, planned for the long summer vacation of 2025 and beyond. **RETROPECTIVE APPLICATIONS WILL NOT BE CONSIDERED.**

The Student Finance Team will also be able to give any further information that potential applicants may need.

Clear and precise information about the project should be provided and a realistic estimate of costs submitted. The supporting statement, outlining all the salient points of the proposed project, including costings, must be completed. If you have made any applications to other bodies, including any fundraising events / individual events, please give full details. In addition, candidates are at liberty to enclose additional information.

Please do not include large packs of information, such as unaltered information from websites. Award-holders wishing to make significant changes to an approved project must seek the approval from the Panel to do so before the project is carried out.

Applicants proposing to work with a host company during their project should include the company's publicity literature or provide a website to enable the Panel to access supporting information, if necessary. Please do not include 'bulk' information.

All applications must be supported by a reference with the application form – no separate references will be accepted.

Please arrange for a detailed reference to be completed and included all together in your application. The reference must be from a current member of Academic Staff, of the University of Manchester. This includes JOINT APPLICATIONS – each member of the group must include a detailed reference.

The Awarding Panel places great importance on the letter of support from the referee.

Any application submitted that does not have a reference at the time of the closing date, **WILL NOT** be considered. **REFEREES WILL NOT BE CONTACTED BY THE STUDENT SERVICES CENTRE, SO IT IS IMPERATIVE THAT THE REFERENCE IS INCLUDED WITH THE APPLICATION FORM.**

Candidates will be expected to have applied to other funding bodies (outside the University) where practicable. The Awards, when made, may not cover the full cost of a project.

Candidates will normally be expected to apply for only ONE of the Travel Awards. If students' wish to be considered for more than one award, they must specify at the beginning of the application form.

The Travel Awards Panel reserves the right at its meeting to consider applications under all of the awards, if applicable.

Successful applicants will be required to submit a report of no more than 1,500 words written in non-technical language on their project or special study on its completion. A proportion of the award (£50, or 10% if the award exceeds £500) will be withheld until the report is received.

Reports are to be submitted within three months of completion of the project. This is normally by the end of November, for projects undertaken during the previous summer.

A sum of £800 is set aside for the award of prizes for the best project or special study reports (a £200 prize for the single best report and up to another £100 for up to six other deserving reports). Copies of student project reports submitted in previous academic years are available by contacting the Student Finance Team.

The Panel which considers applications reserves the right to interview candidates.
