

A week in the life of our English Literature student, Daisy

Hi, I'm Daisy and I am currently in my final year of studying English Literature. My course at the University of Manchester requires that I study literature from a variety of historical periods, ensuring that I have a broad knowledge of my subject as well as its methods of study. I like to specialise in contemporary literature modules as I find this most interesting. I also love that my course allows me to take creative writing modules and am really enjoying trying something new in my Intro to Screenwriting module this semester. The best thing about Manchester is all of the great study spaces both on and off campus. My personal favourites include Green 1 in Main Library, the pods in the Arthur Lewis Building, Central Library in St. Peter's Square, Fuel in Withington and The Art of Tea in Didsbury.

- Formal study hours
- Informal study hours
- Student society
- Part-time work
- Social activities
