PRINT SUBMISSION

Please be advised that once your poster has been submitted for print it is unlikely we will be able to cancel it and you will be charged for it. Please be doubly sure your work is ready to print before submitting it to us.

GENERAL ADVICE

Please allow yourself plenty of time for printing. We operate on a first-come first-served basis and cannot always guarantee to meet your submission deadlines. Also, it is usually easier and quicker to email or call us in advance of visiting the workshop.

PRINT QUEUE

Currently it's a 48 hour turnaround for poster (starting from the point of poster submission) but we will always try our best to print sooner. However since we operate on a first-come first-served basis this length of time can increase due to demand. Should we not be able to meet your deadline, we will advise where else you may be able to get your poster printed. Please ask a member of staff for details.

FILE FORMATS

PDFs, JPEGs and TIFFs are the preferred file formats as they will ensure accuracy in printing. If you submit a different kind of file format, such as a PPTX, we cannot be held responsible for any inaccuracies that may appear in the final print.

PAYMENT

We can accept credit/debit card payments and internal grant and project codes. Payments must be made after the artwork is printed with the exception of grant/project codes.
