

About us

The University of Manchester is recognised globally for its pioneering research, outstanding teaching and learning, and commitment to social responsibility. We are ranked the 6th best university in the UK and 52nd in the Academic Ranking of World Universities (2024) and a member of the Russell Group.

A truly international university, our community includes more than 44,000 students, 12,800 staff, and 550,000 alumni from 190 countries working together to tackle the world's biggest challenges.

Our social responsibility activities mirror our unique Manchester spirit, motivating communities to research, teach and share their ideas, and students to study with us. The power of our social and environmental impact has been recognised on a global scale:

We are the only university in the top 10 in the world in both the QS World University Sustainability Rankings and *Times Higher Education* Impact Rankings.

Our university is a powerhouse of research and discovery; 26 Nobel laureates are among our former staff and students; and we were ranked fifth for research power – the quality and scale of research and impact – in the UK government's Research Excellence Framework (REF) 2021.

The institution is the most popular in the UK for undergraduate applications (UCAS 2023 cycle), and it is the second most targeted university by the UK's leading employers (The Graduate Market, 2024).
