

## **Summary of changes to Presentation of Thesis Policy (November 2023)**

In accordance with the PGR policy review schedule, the Presentation of Thesis Policy underwent a full review with input from the Postgraduate Research Management Group (PRMG), Manchester Doctoral College Strategy Group (MDCSG) and wider colleagues via open consultation.

The policy has been reformatted in accordance with the University of Manchester policy template and a deadline was added for including a COVID Impact Statement within the thesis (only PGRs registered prior to September 2022 will be permitted to include such a statement).

Further updates were made to remove any reference to the preparation / submission of a physical copy of the thesis following removal of this requirement.
