WEEK IN THE LIFE: BA MODERN LANGUAGE AND BUSINESS & MANAGEMENT (JAPANESE)

Hi! I'm Kia, originally from Finland, and currently on my final year at UoM. I decided to study here because I was really interested in the unique course combination of Japanese and business studies that the university offers. In fact, I believe that this degree will give me a great foundation for my career as I aspire to work in Japan. I am interested in marketing, human resource management and entrepreneurship, and have taken various courses on all these subjects. As for the teaching style, I couldn't praise it more; the Japanese language classes are interactive, and the business courses have a lot of case studies to apply what you learn in class. Also, the year abroad was an amazing adventure and challenge, and my language skills improved by leaps and bounds! I am very grateful for the experience of living in Japan and will never forget all the memories.
