

KEXIN

A WEEK IN THE LIFE: BA ECONOMICS

Hello, my name is Kexin, and I'm a second-year student at UoM studying Economics and Finance. One of the highlights was participating in the AmplifyME Finance Accelerator Stimulation, where participants traded virtual equities while taking turns playing the roles of asset managers and investment bank traders. This opportunity gave me the chance to gain practical experience in fields like investment banking and asset management, better preparing me for the real world as a finance student looking to pursue a career in related fields.
