

ELLEN

A WEEK IN THE LIFE: BSOCSC SOCIAL ANTHROPOLOGY

Hi! My name is Ellen and I am a fourth year student at the University of Manchester. I study a BSocSc in Social Anthropology with a year abroad, and thoroughly enjoy my course. There are a wide range of modules which can span from regional studies on Greece to going out into the field and conducting ethnographic research yourself. These modules are taught by exceptional lecturers who are passionate and dedicated to their subject area. Also, they are approachable and can be reached without difficulty by a quick email or in person meet up. Moreover, the university itself has offered me a multitude of exciting opportunities which have kept me captivated throughout my time studying here. For example, I studied in Amsterdam for a year which has offered me invaluable experience in terms of studying but also a year of memories that I'll never forget.
