

REF2021 definition of substantial contribution to the research

[REF2021 Panel criteria and working methods](#) (page 42)

At least one element from each of a and b:

- a. The author made a substantial contribution either to the conception and design of the study; or to the organisation of the conduct of the study; or to carrying out the study; or to analysis and interpretation of study data.

**And**

- b. The author helped draft the output; or critique the output for important intellectual content.
