

Data Fellowship Project 2024

EDI Directorate at the University of Manchester – EDI Data Analyst Assistant

Organisation and Team

University of Manchester EDI Directorate

Project Outline

This project will focus on three main ideas/aims:

A: Evaluation of the impact of EDI programmes by the analysis of qualitative and quantitative data gathered from participants of development programmes.

B: Investigate how ChatGP/Al can help/support EDI activity and report back to EDI team.

C: Develop content for collaborative University campaigns on why we should and the benefits of sharing EDI data.

Application Criteria

Essential:

- Excellent analytical skills.
- Passion for equality, diversity, and inclusion.
- Attention to detail.
- Understanding of the strengths and limitations of quantitative data.
- Ability to formulate different narratives based on the data analysis and identify the most realistic one;
- Good computer literacy IT skills, particularly Microsoft Office,
- Good written and presentation skills.
- Willingness and ability to work collaboratively with other members of the EDI team and wider University community

Desirable:

- Experience in equality, diversity and inclusion.
- Experience of using statistical packages

Data Fellowship Project 2024
