

Writing to patients from rheumatology

Healthcare professional survey

We want to know what healthcare professionals think about writing clinic letters directly to patients.

We would like to hear from you if you:

- ✓ **Currently provide healthcare to patients attending rheumatology outpatient department(s) in the UK NHS / HSC**
- ✓ **Write letters summarising rheumatology outpatient clinic consultations (either to the GP or the patient) in the UK NHS / HSC**

In this study you will be invited to complete a survey. This will take about 10 minutes.

Interested?

If you would like to complete the survey, or if you would like more information, **please visit:**
