Guidelines for PhD Scholarship Application Form

Guidelines for Supervisors:

1. Supervisor statements on student applications must carry an original signature in order for them to be processed by DDAR. Electronic signatures will not be accepted.
2. Scholars will be required to submit one written piece of feedback each year when prompted by DDAR. The continuation of any awards is dependent on receipt of this. Supervisors will be encouraged to ensure students provide adequate and timely feedback on the progress of their research.
3. Supervisors may also be asked to allow students time to attend an annual photo session arranged by DDAR in their research environment, and may be asked to grant permission to access restricted research areas for such purposes.
4. Students may be asked by DDAR to present aspects of their research at alumni events or attend lectures/dinners as guests. In this instance, we may ask supervisors to encourage students to showcase their work and the work of their research group in this way and to promote Manchester within the alumni community.
5. Scholars are required to keep DDAR informed of any change of contact details in order that requirements dependent on the award allocation are met each year. If this information is not forthcoming, we may contact the supervisor to assist with this.
6. Students are required to submit copies of all publications when available.

Any queries relating to the application procedure should be directed to your Faculty Postgraduate Recruitment Team. Faculty contacts are as below:

MHS: Mr James Power	james.k.power@manchester.ac.uk
EPS: Mr Lee Wilkinson	lee.wilkinson@manchester.ac.uk
HUM: Ms Carole Douguedroit	nichola.ellis@manchester.ac.uk
LS: Dr Louise Barnes	louise.m.barnes@manchester.ac.uk
