YOUR CAREER, YOUR WAY

At Manchester, we offer more than exceptional teaching and learning.

As the UK's second most targeted university by top graduate employers (*The Graduate Market*, High Fliers Research, 2024) and the sixth best university in the UK for employability (*Times Higher Education*, 2024), at Manchester you can take control of your future with the career development opportunities and support you need to achieve your potential.

Our courses draw upon world-leading research and strong links to global industry. You'll develop the skills, knowledge and experience sought by today's leading recruiters.

OPPORTUNITIES

- Explore and achieve your career goals, whether overseas or in the UK. Find out more about post-study work options, including the UK's Graduate Visa:
uom.link/post-study
- For undergraduates, discover opportunities to gain relevant experience as part of your course, with a year in industry, work placements or internships:
uom.link/find-a-job
- We have one of the largest alumni networks in the world, with thousands of professionals, employers and graduates ready to answer your career questions.
- More than 600 recruiters engage with students each year through on-campus and online events. Discover more about the job market:
uom.link/careers-events
- Find part-time work to gain useful experience and earn extra money while studying:
uom.link/part-time-work
- Make your mark on the world with our range of academic and extracurricular activities:
uom.link/stellify-award

SUPPORT

- Take advantage of our diverse range of careers support – from online interactive tools to one-on-one support via in-person and online appointments:
uom.link/careers-services-available
- Check out our online career resources, where you can find advice and workshops to boost your skills, commercial awareness and job readiness:
uom.link/careers-service
- Benefit from the Masood Entrepreneurship Centre, an internationally recognised centre of excellence in enterprise and entrepreneurship education that nurtures innovators and start-up businesses:
uom.link/entrepreneurship-at-manchester
- Whether you stay in the UK or return home, you'll have access to our careers guidance for two years after you complete your studies.

SUPPORT BUILT AROUND YOU

Your wellbeing is our priority, both during your studies and after you graduate. Our specialist support services are designed to boost your academic and personal development.

For more on our support, visit:
uom.link/student-support-services

INTERNATIONAL STUDENT SUPPORT

Manchester is a truly global university and city. You'll meet students and staff from near and far, and discover new cultures and perspectives. To help you feel at home, we provide dedicated support, including:

- Pre-departure webinars and face-to-face briefings in many countries.
- Free advice on student visas and support with the application process.
- An airport support service at the beginning of the academic year to greet and assist you (this does not include airport shuttle buses).
- A guaranteed offer of a room for each year of study, provided you fulfil certain conditions: uom.link/our-accommodation-guarantee
- A comprehensive Welcome programme.
- 80 Students' Union societies dedicated to people and interests from diverse backgrounds (see page XXX).
- A dedicated International Society that hosts trips, classes and events: uom.link/manchester-international-society
- Specialised careers support, including access to international careers events and opportunities.
- We offer 4-, 6- and 10-week pre-sessional English courses to help you meet our requirements. The course length depends on your current English language level and degree requirements: uom.link/english-language-course

To help you enjoy Manchester life to the full, we also offer:

- Access to support staff in your academic School.
- Peer mentoring for undergraduates, so you can get academic help from students within the same discipline.
- Confidential support from trained mental health practitioners.
- ResLife, a dedicated team to help you enjoy your time at University accommodation.

For more on our support, visit: uom.link/student-support-services

ADDITIONAL SUPPORT

Your safety and happiness is our top priority, so we have put a range of additional support services in place to help you.

DISABILITY SUPPORT

If you have medical, physical, sensory or mental health needs that affect your studies, you can register with our Disability Advisory and Support Service as soon as you receive an offer:

uom.link/disability-support-services

PERSONAL SAFETY

We're dedicated to keeping you safe during your time at Manchester and offer:

- CCTV and 24/7 security services across campus and University accommodation.
- Practical safety advice and support from University staff and Greater Manchester Police.
- The free SafeZone app, which allows you to access safety services and get assistance at campuses across the city.

For more, visit:

uom.link/personal-safety-services

CHILDCARE

Discover our two nurseries, for children aged between six months and five years old. You can also get involved with our Student Parents and Carers network, who offer advice and support. To find out more, visit:

uom.link/childcare-support

RELIGIOUS SUPPORT

We celebrate a multi-faith community and have spaces for faith and worship, such as:

- The Multi-Faith Chaplaincy on campus for students of all religions or none.
- Muslim prayer facilities and multi-faith quiet areas on campus.
- A large range of religious student societies at our Students' Union.

You can also speak to Christian, Jewish, Hindu, Muslim or Sikh chaplains.

EQUALITY, DIVERSITY AND INCLUSION

We're committed to creating a positive learning environment free from discrimination, bullying, harassment or victimisation. You'll be treated with respect and dignity regardless of age, disability, ethnicity, gender, marital status, nationality, religion or sexual orientation.

For more, visit:

uom.link/diversity-and-inclusion

FINANCIAL SUPPORT

We advise on fees, funding and scholarship opportunities to help you manage your finances while studying.

Manchester is a relatively affordable place to live, especially when compared with London, and is popular with students on a budget.

We also welcome the best and brightest students through a range of scholarships and bursaries each year.

In 2023, we rewarded academic excellence with more than £2.9 million of merit-based scholarships, including the Global Futures Scholarships; Faculty, School and programme-specific awards; and scholarships in collaboration with external organisations, such as the British Council.

Visit our finance and funding pages for more information on tuition fees, cost of living and scholarship opportunities:

uom.link/finance-and-scholarship-opportunities

GLOBAL FUTURES SCHOLARSHIP

Manchester is proud to offer the Global Futures Scholarship to both undergraduate and master's students from a select number of countries, who hold an offer for full-time study on campus.

Scholarship recipient Harshit said:

“Studying at the University with the scholarship has been an exceptional journey. I was drawn to Manchester for its renowned academic reputation and vibrant campus life. Its commitment to excellence in research, teaching, and its diverse and inclusive community made it a clear winner.”

HARSHIT NARANG

India, MSc Business Analysis and Strategic Management

For more information on our scholarships and how to apply, scan the QR code.

HISTORY AND HERITAGE

At Manchester, you'll join a community of global pioneers whose achievements have helped shape the modern world. To date, 25 Nobel Prize winners have worked or studied here.

1904

Catherine Chisholm becomes the first female medicine graduate from the University.

1906

Christabel Pankhurst becomes the first woman to graduate in Law from Manchester.

1915

While still a research student, William Bragg becomes the youngest ever winner of the Nobel Prize in Physics.

1945

University alumna Ellen Wilkinson becomes Britain's first female Minister of Education.

1948

Freddie Williams and Tom Kilburn create and run a program on the world's first stored-program electronic digital computer, the Baby.

1948

World War II codebreaker, Alan Turing, completes pioneering work in machine intelligence.

1957

Bernard Lovell establishes the world's largest steerable radio telescope.

1974

Jean McFarlane is appointed as England's first Professor of Nursing.

1979

Britain's first Black professor, Arthur Lewis, receives the Nobel Prize in Economic Sciences.

1993

Michael Smith receives the Nobel Prize in Chemistry for his work on DNA engineering.

2010

University alumna Dame Sally Davis is appointed as the UK's first female Chief Medical Officer.

2010

Andre Geim and Kostya Novoselov are awarded the Nobel Prize in Physics for their isolation of graphene.

uom.link/history-and-heritage

TEACHING AND LEARNING

Our innovative teaching and learning facilities are of the highest quality. Not only will you be taught by some of the best minds in the UK, but you'll also have access to our exceptional libraries, learning spaces and technologies.

BE INSPIRED BY REAL EXPERTS

Our teaching staff are leaders in their fields, pioneering internationally significant research and benefitting from strong links to industry.

GET MORE OUT OF FLEXIBLE COURSES

Some of our degrees offer you the flexibility to tailor course units to suit your interests and career ambitions.

DISCOVER NEW LEARNING ENVIRONMENTS

Along with state-of-the-art facilities, like the 24/7 Alan Gilbert Learning Commons and the new Engineering Buildings, you can benefit from our virtual learning environment. This offers study materials, activities and interactive sessions with staff and students.

ENJOY BLENDED TEACHING

We offer a combination of face-to-face, online and blended teaching for some courses, which includes everything from traditional lectures and seminars to Q&As, workshops and access to online materials for self-study.

EXPANDING YOUR STUDY

Courses at Manchester take you beyond the academic. Add to your studies with our Leadership Programme, or explore your entrepreneurial side with the Manchester Enterprise Challenge.

ACCESS HIGH-QUALITY TECHNOLOGY

Enjoy exploring The University of Manchester Library, one of the UK's largest research libraries, and its award-winning skills programme. Plus, there are 4,000 computers available and free WiFi across campus.

Discover teaching and learning facilities:

uom.link/your-study-experience

MAXIMISE YOUR STUDENT EXPERIENCE

There's so much on offer at Manchester to complement your studies. From our vibrant Students' Union (SU) to sports clubs, places to eat, drink and shop, and health and fitness activities to suit everyone.

STUDENTS' UNION

- One of the largest in the UK.
- 400+ student societies.
- Offers support on personal, academic, financial and accommodation issues.
- Four music venues, including the Academy, which host regular live events.
- Job opportunities (more than 300 students currently work at the SU).
- Home to the UK's biggest student newspaper, a radio station and TV channel.
- Regularly gathers student feedback to shape your time here at the University.

Check out everything on offer at the SU:
uom.link/university-students-union

MAKE THE MANCHESTER EXPERIENCE YOUR OWN.

Malaika set up her own society for international medical students with support from the Students' Union.

“If you don't find a society that suits you, create your own! I founded my own society for international medical students.

The Students' Union provided so much support for us and helped advertise events and promote our society at Welcome fairs. It's a great way to socialise with other medical students outside of studying!”

MALAIKA HAIDER

MBChB Medicine

BE ACTIVE

- Join one of our 80+ sports and physical activity clubs.
- If you hold an offer to study and compete at an elite level, you may be able to apply for a sports scholarship.
- Casual players can join one of 260+ teams that play weekly competitions in campus leagues.
- Enjoy some of our wellness activities, like mindfulness and yoga.
- Try Sporticipate: 60+ hours of free weekly activities, from aerobics to Zumba.

Discover sport on campus:
uom.link/sport-on-campus

INTERNATIONAL SOCIETY

- Your home away from home – a place to make new friends on campus.
- Weekly socials and weekend trips around the UK.
- International cultural celebrations.

internationalsociety.org.uk

ACCOMMODATION GUARANTEE

All new, full-time undergraduate and international postgraduate students are guaranteed the offer of a room in University halls of residence for the first year of study.

Explore accommodation:

LIFE IN HALLS OF RESIDENCE

Our halls of residence are thriving communities where many students make friends for life.

At each location, you'll find fantastic facilities, events, support and academic services to help you make the most of your time at university.

Each hall has access to the ResLife team, dedicated to offering you support and advice, and making you feel safe and secure at all times. There is also a student-run Hall Executive Committee, supported by the Students' Union.

YOUR OPTIONS

There are a number of options to consider when choosing your halls of residence. These include:

- Self-catered or catered (including halal, vegan, vegetarian and other special dietary requirements).
- En suite or shared bathroom.
- Specially adapted rooms for students with disabilities.
- Location.

If university halls are not for you, Manchester Student Homes can provide information and advice on privately rented accommodation:
www.manchesterstudenthomes.com

Scan the QR code for all the information you need on accommodation at Manchester, including our accommodation guarantee.

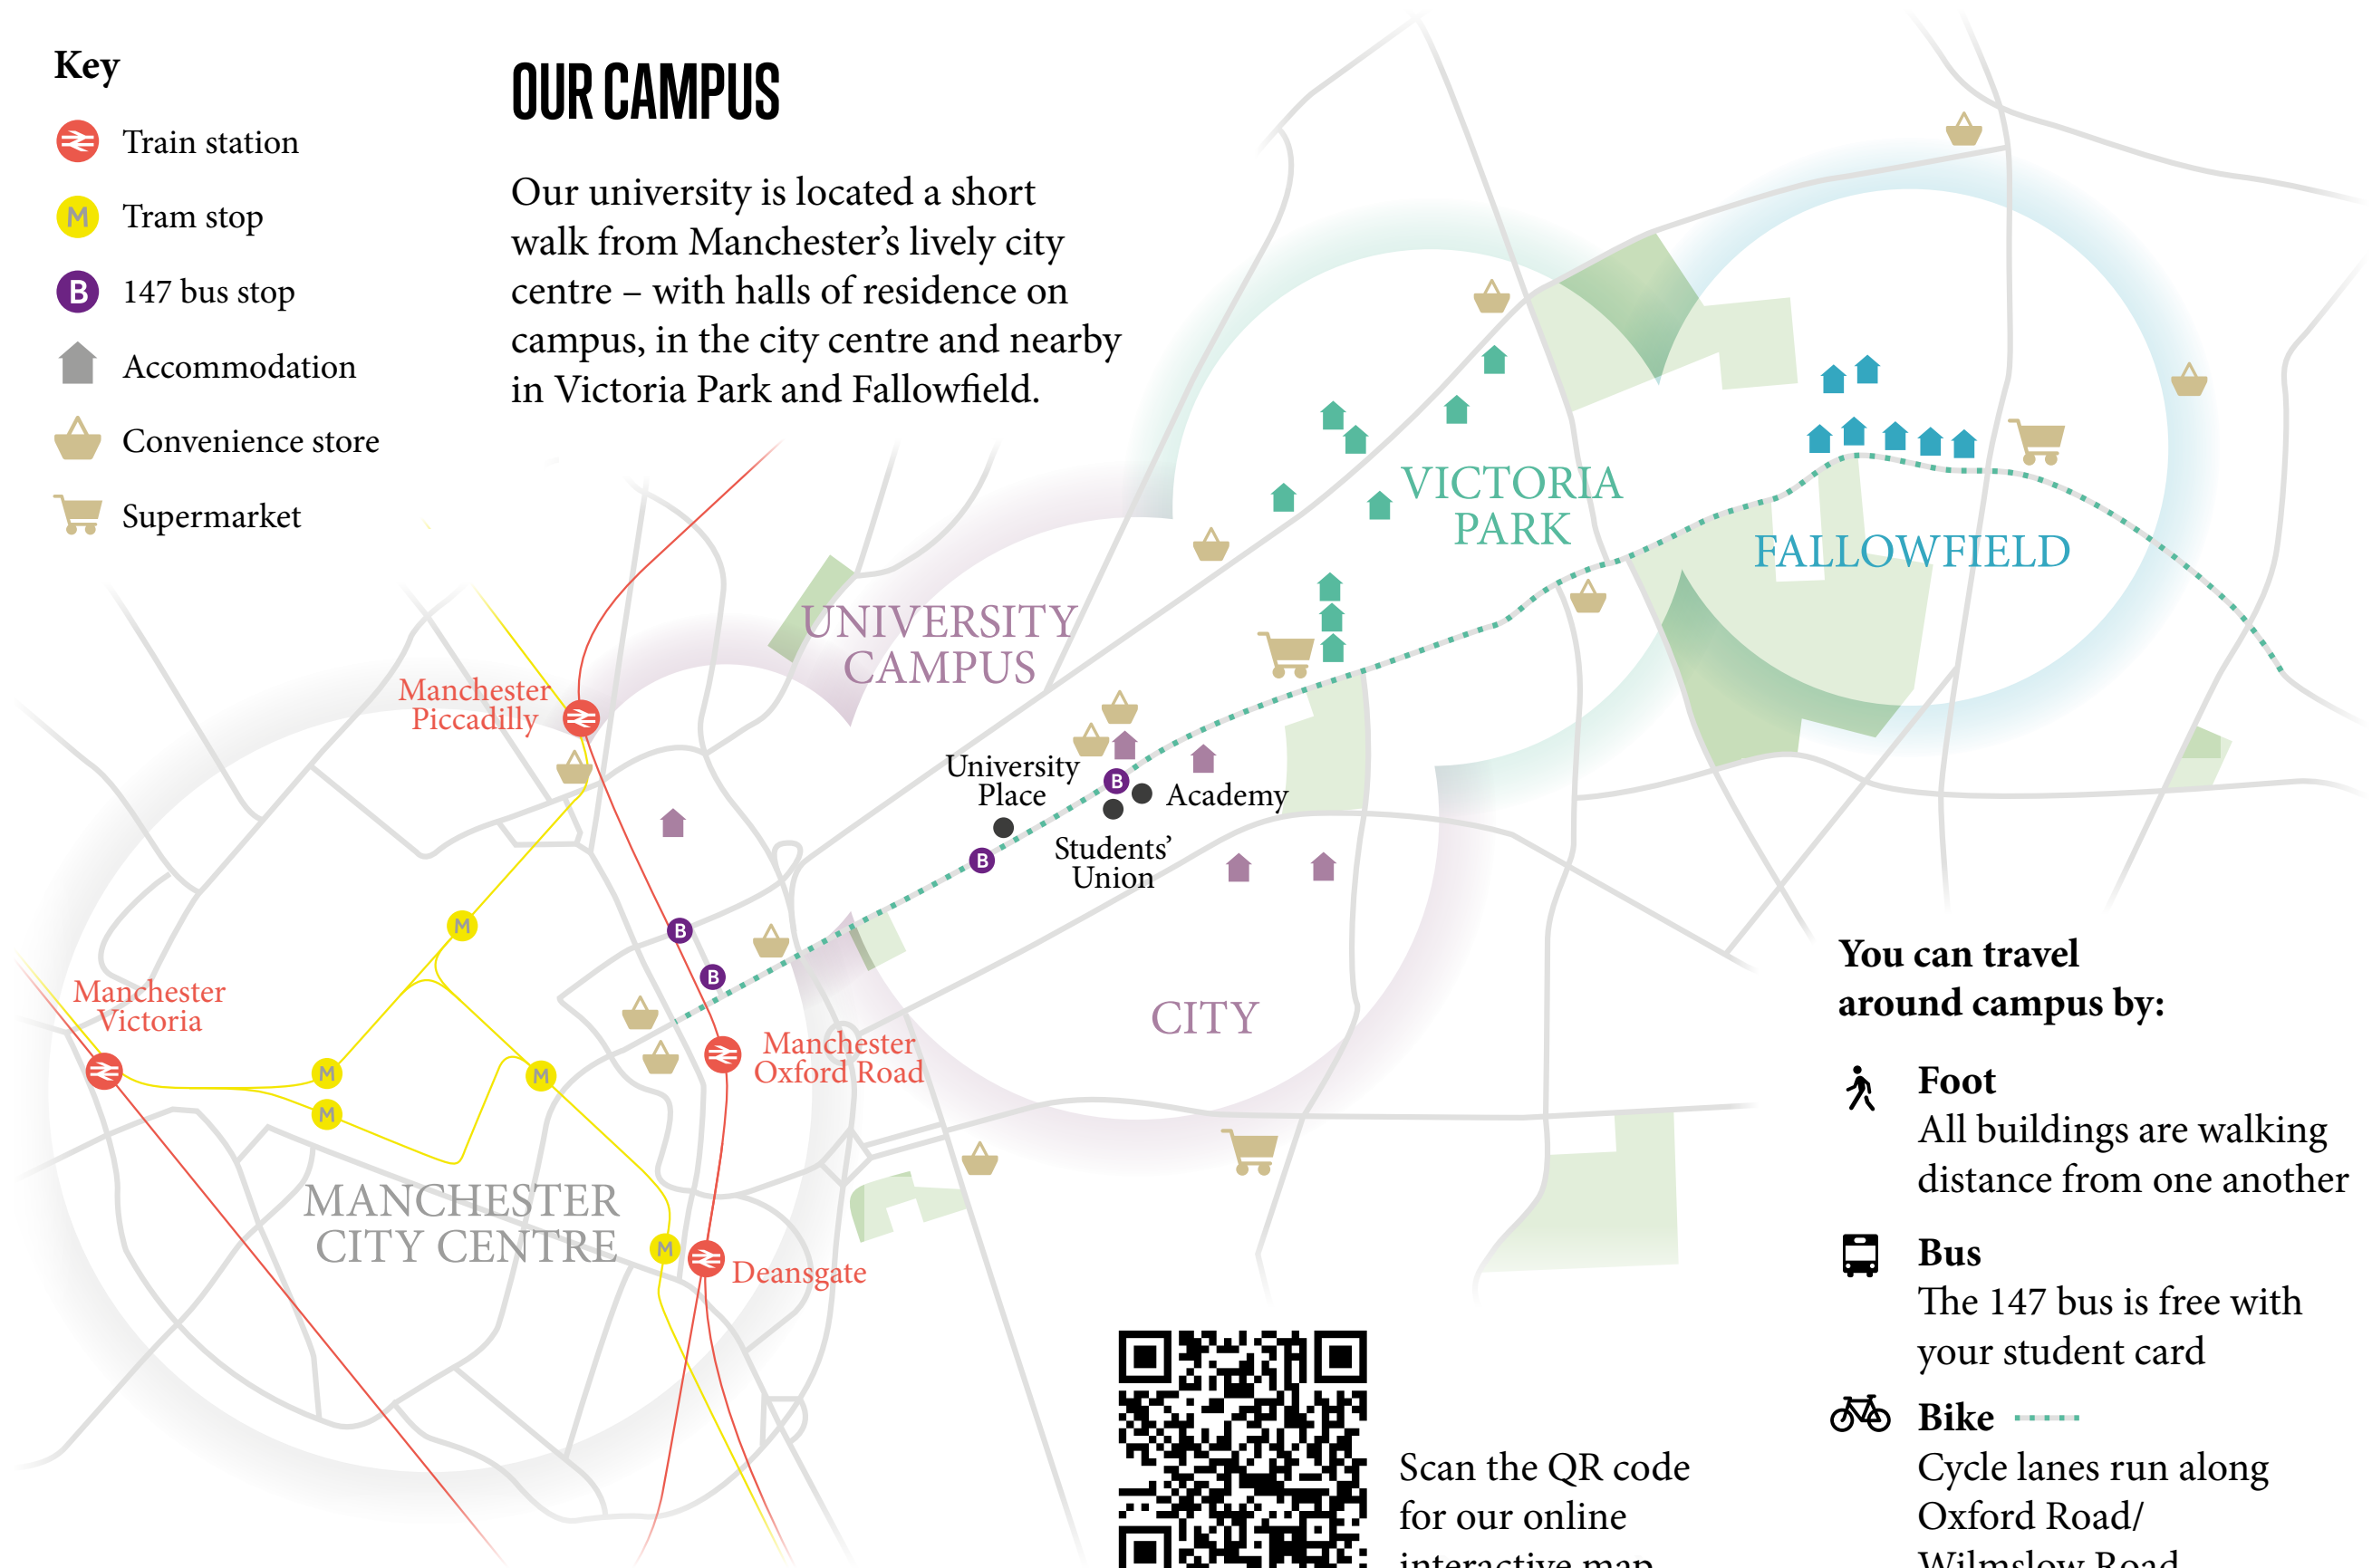

If you have any further questions email the accommodation team at:
accommodation@manchester.ac.uk

-  Convenience store
-  Supermarket

OUR CAMPUS

Our university is located a short walk from Manchester's lively city centre – with halls of residence on campus, in the city centre and nearby in Victoria Park and Fallowfield.

You can travel around campus by:

-  **Foot**
All buildings are walking distance from one another
-  **Bus**
The 147 bus is free with your student card
-  **Bike** 
Cycle lanes run along Oxford Road/ Wilmslow Road

EXPLORE CAMPUS

Our campus is home to world-famous buildings, institutes and facilities. From the historic arches of Whitworth Hall to the striking architecture of Engineering Buildings A and B, The University of Manchester is a fascinating mix of old and new.

WHITWORTH HALL

Completed in 1902, Whitworth Hall is known for its gothic revival architecture. It's now used for graduation ceremonies and the University's annual Foundation Day celebration.

LIFE IN MANCHESTER

Top UK city
to live in
(*The Economist*,
2023)

Home to nearly 3 million people, Manchester is a city with endless possibilities. Birthplace of the Industrial Revolution, this historic hub of science, politics, music, arts and sport offers a big city feel, without the London price tag.

The city centre is packed with eclectic restaurants, bars, shops, museums and galleries, while just a short tram or bus ride away, you'll find the beautiful green spaces and vibrant communities of Greater Manchester.

CITY HIGHLIGHTS

EMBRACE THE ARTS

Whatever you're into, you'll find it in Manchester. Be inspired at the Whitworth Art Gallery, or gaze at the wonders of the natural world in the newly-renovated Manchester Museum. Catch a gig or dance the night away at one of the city's lively music venues, or treat yourself to tickets for a show at the Palace Theatre, Royal Exchange or HOME.

www.visitmanchester.com

GET LOST IN A GOOD BOOK

If books are more your thing, the John Rylands Research Institute and Library is packed with special collections of rare books and regular exhibitions. You might even catch a glimpse of Shakespeare's First Folio.

EXCITE YOUR TASTE BUDS

Sample cuisines from across the world at Manchester's leading restaurants and dance the night away at one of the city's lively music venues. Whether you're looking for a romantic meal for two, or a memorable night out with friends, there's something for everyone in our thriving city.

EXPERIENCE SPORT AT ITS FINEST

For all the sports fans, Manchester is home to two of the world's biggest football clubs, with their iconic stadiums just a short distance from the city centre. It's not just football though, Manchester is also home to Old Trafford Cricket Ground, the National Cycling Centre, The Manchester Aquatics Centre and an indoor skiing centre.

GREATER MANCHESTER AND CHESHIRE

EXPLORE NEW NEIGHBOURHOODS

Just a 20-minute tram ride from the city centre, the lively neighbourhoods of Chorlton, Didsbury and Altrincham offer the best of both worlds – delicious patisseries, coffee shops, restaurants and pubs, with easy access to tranquil walking spots including Fletcher Moss and Dunham Massey – where you may even spot a resident deer.

LOOK TO THE STARS

Nestled in the Cheshire countryside is the University's Jodrell Bank Observatory. This UNESCO World Heritage site is home to the third largest steerable radio telescope in the world and offers a fascinating insight into the universe beyond our planet.

A CONNECTED CITY

Manchester is at the heart of the UK,
connected to the rest of the world.

STUDY OPTIONS

An introduction to our subject areas, courses and programmes.

Our pioneering courses draw upon the University's world-leading research and strong links to global industry.

Whether you're undertaking your first degree with us or embarking on postgraduate study, you'll quickly develop the skills, knowledge and experience that make Manchester graduates sought after by top global employers.

This guide provides a summary of the undergraduate and master's subject areas and courses available at Manchester.

Check our website for a full list of programmes and up-to-date course details:
uom.link/studying-at-manchester

ENTRY REQUIREMENTS

You can find the most up-to-date entry requirements on our website, including the minimum English language requirements.

INTERNATIONAL QUALIFICATIONS

If you have qualifications from outside the UK and want to know if they're accepted at Manchester, visit: uom.link/country-specific-information

or email:

international@manchester.ac.uk

ENGLISH LANGUAGE REQUIREMENTS

Before joining us, you'll need to demonstrate your English language proficiency. A test score from an approved testing system, such as IELTS Academic, is required if you don't have an accepted high school English qualification or prior study in certain countries.

Find more information at:

uom.link/english-language-requirements

UK VISAS AND IMMIGRATION

If you need a student visa to study with us, our academic and English language admission assessment will fulfil current UKVI visa requirements.

UNDERGRADUATE COURSES

We have one of the largest selections of undergraduate courses in the UK, all informed by world-leading minds who bring the latest research directly to your in-person and online learning environments.

For up-to-date course information visit:
uom.link/undergraduate-courses

COURSE OPTIONS

Our standard bachelor's degrees are three years in duration, but we also offer a range of four- and five-year courses:

FOUNDATION YEAR

If you aren't studying for a recognised qualification for direct entry to a bachelor's degree (such as A-levels or IB), you may be able to apply for a foundation year.

A foundation year provides a guaranteed offer of progression to degree courses in a wide range of subject areas.

We offer integrated foundation courses for degrees in engineering subjects and natural sciences delivered at the University, with biosciences and pharmacy courses delivered at nearby Xaverian College.

INTO Manchester also offers foundation pathway programmes in partnership with the University.

Read country-specific guidance on whether you can apply with your high school qualification:
[**uom.link/country-specific-information**](https://www.uom.ac.uk/country-specific-information)

Find out more about foundation options:
[**uom.link/foundation-courses-available**](https://www.uom.ac.uk/foundation-courses-available)

INTEGRATED MASTER'S

Integrated master's courses (such as MEng or MSci courses) give you the opportunity to undertake a research project in the final (fourth) year of your degree.

INDUSTRIAL/PROFESSIONAL EXPERIENCE

For many degrees, you can apply to spend the third year of your course on placement with one of our partner organisations in the UK or overseas. This offers valuable work experience and can give you an advantage in the competitive jobs market.

MODERN LANGUAGE AND STUDY ABROAD

We offer four-year degree courses with a modern language, including a year spent studying in the country where your chosen language is spoken. Many of our courses also offer the opportunity to spend a semester overseas.

Read about undergraduate study options:
[**uom.link/undergraduate-courses**](https://www.uom.ac.uk/undergraduate-courses)

POSTGRADUATE PROGRAMMES

Our postgraduate programmes are designed to build the specialist knowledge and skills you need to enhance your employability and tackle the world's greatest challenges.

TAUGHT MASTER'S

(MA, MSc, MRes)

DURATION

Typically 12 months full-time.

START DATE

Courses usually begin in September, the start of our academic year.

LEARNING STRUCTURE

Two semesters of lectures, seminars and assessed work, followed by four to five months' research, culminating in an independent project. View all master's courses:

uom.link/masters-courses-search

POSTGRADUATE RESEARCH

(PhD, MPhil, MSc by research)

As a postgraduate researcher, you'll conduct independent research under the supervision of a senior academic. Join Manchester's thriving research community and you can contribute to the body of professional knowledge in your specialist area.

Programmes are unique in their learning structure, covering individual or combined elements, such as research partnerships, taught units or specific training in research skills.

View all programmes available:
uom.link/postgraduate-programmes-search

ARTS, LANGUAGES AND CULTURES

Draw inspiration from the city's vibrant cultural scene and learn from renowned experts at Manchester. The University ranks highly across a range of fields, including American studies, art history, English literature, history, modern languages, music, and religions and theology.

Delve into the study of ancient civilisation, immerse yourself in the literary heritage of Manchester – a UNESCO City of Literature – or engage in valuable research on humanitarianism, conflict response and ethics. With world-class resources, state-of-the-art facilities and extensive cultural opportunities, Manchester offers a truly rewarding and diverse learning experience.

BUSINESS

The University's Alliance Manchester Business School (AMBS) is a world-leading centre for business and management, ranked third in the UK for research power (Research Excellence Framework, 2021). Housed in a renovated £85 million building, it's the only UK business school with a presence across five global hubs.

A school accredited by AMBA, EQUIS and AACSB International, AMBS offers dynamic degree programmes that align with your career aspirations and prepare you for the job market. Our programmes are enriched by strong industry links and the expertise of world-class academics, creating an environment that fosters learning, collaboration and research.

ENGINEERING AND COMPUTER SCIENCE

Study engineering or Computer Science at Manchester and be at the forefront of a generation making world-changing, positive contributions to the future of the planet. Accredited by professional bodies and taught by leading academics, our courses enable you to gain a strong theoretical knowledge of engineering and the practical skills needed to flourish in industry.

As the birthplace of computer science and chemical engineering, Manchester has a history of teaching excellence and cutting-edge research in this field. You'll benefit from state-of-the-art facilities, including our brand-new home for Engineering and Materials – a purpose-built space for innovation and creativity that transforms how students study, research, and shape the world.

HEALTH SCIENCES

Combining a history of audiology innovation, globally recognised nursing courses (ranked sixth in the world and second in the UK – QS, 2024) and the longest tradition of teaching optometry in the UK, we take great pride in the exceptional learning experiences and career opportunities we provide in health sciences.

Choose from a diverse range of healthcare programmes across audiology, nursing, optometry, pharmacy, psychology, public health, and speech and language therapy.

Our courses provide hands-on experience in state-of-the-art facilities, and you can benefit from quality placements, expert guidance, and connections with local NHS hospitals to enhance your skills and knowledge.

2ND IN THE UK FOR NURSING AND
7TH IN THE UK FOR PSYCHOLOGY (QS
GLOBAL RANKINGS BY SUBJECT, 2024)

MEDICAL SCIENCES

Start your journey in medical sciences at Manchester, where you'll be supported by research excellence and close links to the NHS. We have specialist courses in dentistry and medicine, and we are one of the largest medical schools in the UK.

From year one, you'll gain diverse clinical experience, be that working in the dentistry community or learning from educators based in local hospitals. At master's level, you'll learn alongside leading researchers in the dental or medical field, empowering you to specialise and shape a successful career in your chosen area.

7TH IN THE UK FOR DENTISTRY AND 8TH
IN THE UK FOR MEDICINE (QS GLOBAL
RANKINGS BY SUBJECT, 2024)

NATURAL SCIENCES

Follow in the footsteps of Nobel laureates and gain invaluable experience studying natural sciences at Manchester. With top-five UK rankings in Chemistry and Materials Science, and top-ten rankings in Mathematics (QS, 2024), the University offers research-rich learning, practical field work and access to excellent industry connections to help prepare you for an exciting career.

You'll benefit from world-class teaching and exceptional facilities, alongside opportunities to specialise in your chosen discipline and strengthen your employability with an industrial placement year. Manchester's commitment to innovation and sustainability will prepare you for limitless career prospects and the opportunity to make impactful contributions to society.

SOCIAL SCIENCES

Manchester is home to multiple UK top ten departments in the social sciences, including anthropology, economics, law, politics, and sociology (QS, 2024). At undergraduate level, almost all of our social sciences degrees can be taken with either a year abroad or a year's paid professional placement.

Social science degrees can also be taken in combination with other social science subjects, such as sociology and criminology, or in combination with data analytics (politics and data analytics, for instance).

Our master's degrees allow you to specialise across a broad range of courses while incorporating flexible degree structures and optional course units.
