

## **Changes to the Ordinances and Regulations Nov 2024**

Updated Ordinances and Regulations:

<https://documents.manchester.ac.uk/display.aspx?DocID=31475>

The PhD regulations have been reformatted for consistency with the UG and PGT regulations and the sections have been re-ordered to reflect the PGR journey.

The registration and annual review regulations have been updated to accommodate PGRs on part time arrangements other than 50% (section B). Part time PGRs are now required to re-register annually but their progress review meetings will be prorated meaning those whose formal progression review falls outside of the annual registration process will be permitted to re-register annually but will still be required to demonstrate satisfactory progress at their formal progression review in order to continue on the programme (section D).
