

# Allergen Matrix Information

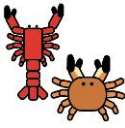

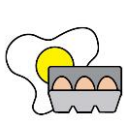

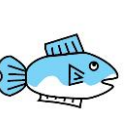

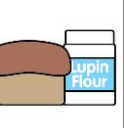

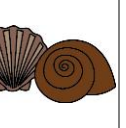

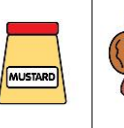

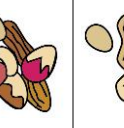

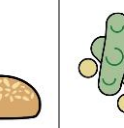

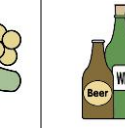

**This guide contains information on the 14 allergens, as recognised by the Food Standards Agency, for our products.**

**We are proud to freshly prepare some of our food in our shops every day, but as we use many ingredients, shared equipment and shared display cabinets, we are unable to guarantee that our food is allergen free due to the risk of cross-contamination.**

**We take food allergies seriously and want to make sure that you feel safe when enjoying our products. This allergen guide has been provided so that you can make an informed choice. Please find the product name in the guide, which will show you the allergen detail.**

**If you need further help, please ask a member of staff.**
