

## Planning Sheet

**Scheme: Intro Maths PASS**

**Date of debrief: 15/10/2010**

## Objectives

1. *Inform Leaders of successful funding bid and spend some time planning maths contest.*
2. *Do Leaders know names of students?*
3. *Feedback from this weeks' sessions.*
4. *Any problems?*
5. *Plans for next week.*

## Further notes

1. *We have funding for the event which means we can now plan it. Get Leaders to work in pairs and come up with 10 questions each.*
2. *Whilst they are planning, go round and ask Leaders whether or not they know the names of the students in their groups yet.*
3. *Group 2 working really well. They were using the whiteboard very effectively and also had lots of biscuits!*
4. *Were there any problems this week? What work was covered?*
5. *What are people intending to cover next week? Are there any activities that need to be planned? Resources that need to be organised?*

## Notes from sabbatical

- *Funding bid was successful! So you can plan your interdisciplinary maths contest.*
- *PASS was working really well this week, especially the group in room 2.*
- *General comment: it's week 3 now, so do Leaders know the names of all their first year students? If not, they should!*
- *Remind Leaders about the 'Building Confidence' workshop on Friday!*
