

Say Hello to the New Partnering Team!

We're excited to share that we've officially launched our new **Partnering Team!**

Our goal is to build stronger, more strategic relationships and make it easier, faster, and more impactful to work together. Whether it's collaborating with colleagues or connecting with external partners, we're here to help make things smoother and more effective.

As we get started, we'll be listening closely to what our partners need — shaping our approach together so it works for everyone. This new team will be taking over from the current Faculty Estates Teams, but you will still see the same friendly faces you know and trust!

We're looking forward to what's ahead and can't wait to start partnering with you!
