

## Stronger Together: Campus Support & Security patrols with GMP PCSOs

In the past few months, we've strengthened our partnership with Greater Manchester Police (GMP) by launching joint patrols between our Campus Support & Security (CS&S) Officers and Police Community Support Officers (PCSOs) across key areas of the University, mainly the Oxford Road corridor.

These patrols are already making a visible difference: deterring antisocial behaviour, increasing engagement with students, and helping us gather valuable intelligence to keep our campus safe. The presence of these PCSOs alongside our team sends a clear message: safety is a shared priority.

We encourage all staff to embrace these patrols and take an active role in gaining our own intelligence to help us gather the information that we need to keep our campus safe.
