

*Season's greetings from the REMORA2 Team!*

### REMORA2 Key Achievements 2025

We're on track for the final patients to exit by March 2026, a major milestone.

This year we've achieved several important goals:

-  Brought all sites into follow-up by January 2025
-  Maintained strong progress toward trial closure, keeping timelines on track
-  Kept dashboards and DAS28 collection on track, supporting accurate data monitoring and high-quality reporting

**These achievements reflect the dedication and collaboration of everyone contributing to the REMORA2 trial**

**Thank you for helping us move closer to successful trial completion!**

**Thank you for supporting REMORA2 throughout 2025**

#### Trial Progress: Results So Far

494	Patients recruited onto trial
234	Patients now completed on trial
21	Patients with a final score but yet to complete their 12-month web survey
33	Patients have completed their web survey, but we await a final DAS28 score

**Join our FINAL REMORA2 Global Training session:  
Friday 23<sup>rd</sup> January 2026 at 12noon on Teams**
