Week 1	**Generating ideas and outlines with AI** Develop the skills to responsibly use and evaluate Gen AI output in the initial stages of a written assignment.
Week 2	**Finding sources with AI** Explore the capabilities and limitations of specialised Gen AI search engines and develop your ability to evaluate potential sources for an assignment.
Week 3	**Revising and editing with AI** Consider the extent to which and ways in which feedback from Gen AI tools might be critically used to edit a written assignment.
Week 4	**AI in academic writing and beyond** Develop your knowledge and skills to responsibly use AI tools in a range of academic contexts and beyond.
