

## Final 3 Months of Follow-Up – Let's Keep the Momentum!

We've officially entered the last three months of follow-up, and some REMORA2 sites will begin to complete patient follow-up in the coming weeks.

This is an exciting milestone for the trial, and your continued support is essential to ensure a smooth and successful trial close-out.

**Please help us by:**

- ✓ **Regularly checking the dashboard** and completing a final DAS28 for any REMORA2 patients you see
- ✓ **Responding promptly** to any data queries or clarifications
- ✓ **Flagging any issues early** so we can resolve them quickly

Your efforts make a huge difference in achieving high-quality data and supporting successful trial completion.

**Thank you for your continued commitment to REMORA2!**

Join our **FINAL** REMORA2 Global Training session:  
Friday 23<sup>rd</sup> January 2026 at 12noon on Teams

## Final Data Collection Opportunity

When you see a REMORA2 patient, please capture their final **DAS28 score**, including **all four** components:

**Tender Joint Count (TJC)**

**Swollen Joint Count (SJC)**

**Patient Global Assessment (PGA)**

**CRP**
