

## **Medify One-Month Free Access to Practice for the UCAT – MAP Student Registration of Interest Form 2026.**

We may be able to offer MAP Students on the Medicine or Dentistry strands free access for one month to [medify.co.uk](https://www.medify.co.uk) to practise for their [Universities Clinical Aptitude Test](#) (UCAT)! If you are interested in taking part in this offer, **please read the following important information below and complete this form [Medify Free One-Month Access – MAP Student Registration of Interest Form 2026](#)**. The deadline to register your interest is **Monday 25<sup>th</sup> May at 10am** .

### **What is Medify?**

**Medify is a limited company which offers access to a number of online practice tests that are similar to the UCAT test.** (Please note; Medify is not associated with, or endorsed by the University of Manchester, UCAT or Pearson Vue test centres in any way – please see disclaimer below for more details). **The practice tests Medify offer are similar to the UCAT, which many students find helpful to prepare for the test.** Please be aware however that Medify tests are not official UCAT practice tests; a limited number of the official UCAT practice tests and an official questions bank can be found here on the [UCAT website](#). The official UCAT practice tests are the most accurate and best way to practise for the UCAT.

### **Why is MAP offering free one-month Medify access?**

From our application data, we know that some students have struggled with the UCAT in previous years, and we know that Medify is a very popular choice for lots of Y12 students across the UK to get extra help and practice for the UCAT. A strong UCAT score is a very important part of the application process at a number of [Medical and Dental schools](#).

Please note: The official [UCAT practise tests](#) and the [UCAT question bank](#) are still the most accurate and the recommended way to prepare for the test, we are only offering access to Medify as the number of official UCAT timed practice tests are limited. It is estimated that you need to do in the region of 30 – 40 hours of practice to get a high UCAT score but this can vary from student to student.

**Please note; taking part in this free one-month Medify offer is completely optional.** It is entirely up to you how you wish to prepare for the UCAT and how much time you wish to dedicate to it. **Taking part will not guarantee you a better UCAT score, it's just an extra opportunity for free online practice that some students may find helpful.** To learn more about how to prepare for the UCAT, please read all the

guidance at [www.ucat.co.uk](http://www.ucat.co.uk) and attend the [MAP UCAT Talk](#). Please speak to your teachers or advisors at school / college as well.

## What's involved?

### 1. Data Sharing

To take part in the Medify free one-month access, we will need to share the following personal data with Medify.co.uk

- Your Email Address (it needs to be the same one you use for MAP)

Medify will store and manage this data in accordance with their [data policy](#) [This document](#) explains how Medify will store and process your data. The University of Manchester will also keep a record of this data in accordance with our [Access and Student Success Privacy Statement](#).

Please read Medify's [data policy](#) **before** you agree to take part.

You must complete the [Medify Free One-Month Access – MAP Student Registration of Interest Form 2026](#) by **Monday 25<sup>th</sup> May at 10am** and agree on the form for us to share this data with Medify if you wish to take part.

### 2. Accessing Medify if you are offered a place

MAP / Medify will contact you to let you know when you can log into your account at Medify.co.uk and access the site. **You will need to log on with the email address you provide on the registration of interest form which needs to be the same one you use for MAP.**

#### Activating Your Access Pass for the UCAT Practice

Once you activate your **Access Pass** for the course, this is when your one-month access will begin. **Only active your Access Pass when you are ready to start practicing for the UCAT – Full instructions will be emailed to you.**

**Access is limited to one month only** and you will need to activate your account and use the practice tests during June, July or August.

Please note: this offer is for UCAT practice only, and does not apply to any other services or products Medify offer. **You are under no obligation to use Medify for any longer than the free one-month period and your access will stop after one month once you have activated your account. You can stop using Medify at any point.**

### 3. Evaluation

This is a pilot scheme and we will require you to give us your feedback about using Medify on our Medify Evaluation form and in the MAP Post-Programme Questionnaire once you complete the Manchester Access Programme.

#### Disclaimer / Important Information

- Please ask for permission from your parents / carers **before** taking part in any online activities
- Medify is a limited company which is not connected to the University of Manchester, UCAT or Pearson Vue test centres in any way.
- This offer is not an endorsement of the use of Medify by the University of Manchester Medical or Manchester Dental School admissions or UCAT. (The Manchester of Manchester Medical and Dental school admissions **only** recommend using the official UCAT resources available here on the [UCAT website](#).)
- **Taking part will not guarantee you a better UCAT score, it is just an opportunity for extra online practice which some students may find useful and is completely optional.**
- We would advise you to speak to your teachers or advisors at school / college and consult <https://www.ucat.ac.uk/> and attend the [MAP UCAT Talk](#) for more information about how to prepare for the UCAT.
- It is your responsibility to read the [Medify Data Policy](#) before you take part
- Only students who complete the [Medify Free One-Month Access – MAP Student Registration of Interest Form 2026](#) and agree to the data sharing statement will be considered.
- This offer is only available for students on the MAP 2026 Medicine and Dentistry strands.
- If you are selected, do not share your Medify log in details with anyone else. [Please see the MAP Student Code of Conduct 2026 for more details.](#)
- **Places are limited.** If more students apply than the number of places available, we may take into consideration the number and nature of a student's MAP priority criteria as per the [MAP 2026 application form](#) when allocating places.

- You are under no obligation to use Medify for longer than the free-trial period or purchase any additional products or services from Medify.
- This offer is completely optional and does not affect your participation on MAP or your application to the University of Manchester in any way.
- Please speak to your teachers at school / college about how much time you want to spend practising for the UCAT so you can balance your other school / college study commitments before you take part.
- We will contact all students to let them know if they have been a place in June 2026.
- If you have any queries, please feel free to contact us at [map@manchester.ac.uk](mailto:map@manchester.ac.uk)
