Jodrell Bank - Public Charging

JBCE main car park

JBO Control Building main car park

BP Pulse charge points, being installed by Jonathan Turner

JBO (Jodrell Bank Observatory) refers to the actual research facility — the radio telescopes (like the Lovell Telescope) and the scientific work in astrophysics. It sits within the Jodrell Bank Centre for Astrophysics (JBCA) in the University's Physics & Astronomy department.

JBCE (Jodrell Bank Centre for Excellence) is the public-facing, engagement and visitor arm of Jodrell Bank. It's part of the University of Manchester and runs the visitor attraction, exhibitions, learning programmes, events and public outreach.
