YOUR CAREER, YOUR WAY

At Manchester, we offer more than exceptional teaching and learning – we provide you with the skills to excel in your career.

As the UK's most targeted university by top UK graduate employers (*The Graduate Market in 2026*, High Fliers Research) and the fifth best university in the UK for employability (*Times Higher Education*, 2026), you can take control of your future with the career development opportunities and support you need to achieve your potential.

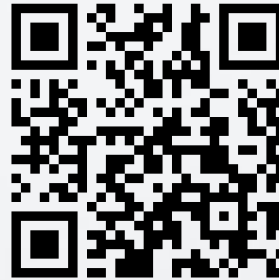

Our courses and programmes draw upon world-leading research and strong links to global industry. Many of our courses also offer the opportunity to gain relevant experience through a year in industry, work placements or internships, helping you develop the skills, knowledge and experience sought by leading recruiters.

Receive the tailored support you need through our Careers Service, from the day you start until two years after your course finishes. From online interactive tools and one-on-one support to skills workshops and bespoke events, you can equip yourself for today's job market.

OPPORTUNITIES

- Explore and achieve your career goals, whether overseas or in the UK. Our post-study work options include the UK's Graduate Visa: uom.link/post-study
- One of the largest alumni communities in the world, with thousands of professionals, employers and graduates ready to mentor and answer your questions.
- We connect more than 1,600 employers with students each year through on-campus and virtual events, careers fairs and workshops: uom.link/careers-events
- Find part-time work to gain useful experience and earn extra money while studying: uom.link/part-time-work
- Make your mark on the world with our academic and extracurricular activities: uom.link/stellify-award
- Unlock your entrepreneurial potential with the Masood Entrepreneurship Centre – internationally recognised for enterprise and start-up innovation: uom.link/entrepreneurship-at-manchester

INTRODUCING OUR GRADUATES

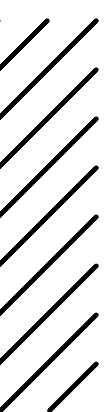

Our graduates make a difference across a range of industries all over the world. Discover how Manchester helped shape them: uom.link/meet-graduates

“Manchester offers something for everyone, whether you’re local or international. It’s a cost-effective choice to further your future goals. At university, I was in a leadership programme and that’s served me well in my current leadership position.”

LIZ HARWOOD

Global Head of Space Planning,
Meta

STUDENT SUPPORT

Your wellbeing is important to us, both during your studies and after you graduate. Our specialist support services are designed to boost your academic and personal development.

We know the support you require will change throughout your time at Manchester. Find out more about safety and security at Manchester: uom.link/student-support-services

INTERNATIONAL STUDENT SUPPORT

Manchester is a truly global university and city. You'll meet students and colleagues from near and far and discover new cultures and perspectives. To help you feel at home, we provide dedicated support, including:

- Virtual pre-departure information sessions to help you prepare for Manchester.
- Free advice on Student visas and support with the application process:
uom.link/immigration-visas
- Our University Airport Team welcomes you at the airport and helps you find suitable transport.
- A guaranteed offer of a room for each year of study, subject to conditions:
uom.link/our-accommodation-guarantee
- Welcome programme of activities and events to help you settle in.
- More than 100 Students' Union societies dedicated to people and interests from diverse backgrounds (see page 17).
- A dedicated International Society that hosts trips, classes and events:
manchesterstudentsunion.com/internationalsociety
- Specialised careers support, including access to international careers events and opportunities.
- We offer four, six and ten-week pre-sessional English courses to help you meet our requirements. The course length depends on your current English language level and degree requirements. We also offer courses for those who have met their English language condition:
uom.link/english-language-course

To help you enjoy life at Manchester to the full, we also offer:

- Access to support staff in your academic School.
- Peer mentoring for undergraduates, offering academic support from students in your discipline.
- Confidential support from trained mental health practitioners.
- ResLife, a dedicated team to help you enjoy your time in University accommodation.

ADDITIONAL SUPPORT

Your safety and happiness is our top priority, so we have a range of additional support services in place to help you.

DISABILITY SUPPORT

If you have medical, physical, sensory or mental health needs that affect your studies, you can register with our Disability Advisory and Support Service as soon as you receive an offer:

uom.link/disability-support-services

PERSONAL SAFETY

We're dedicated to keeping you safe during your time at Manchester and offer:

- CCTV and 24/7 security services across campus and University accommodation.
- Practical safety advice and support from University colleagues and Greater Manchester Police.
- The free SafeZone app, which allows you to access safety services and get assistance at campuses across the city.

For more, visit:

uom.link/personal-safety-services

CHILDCARE

We offer two nurseries for children aged between six months and five years old. You can also get involved with our Student Parents and Carers network, who offer advice and support. Visit:

uom.link/childcare-support

RELIGIOUS SUPPORT

We celebrate a multi-faith community and have dedicated spaces for faith and worship, such as:

- The Multi-Faith Chaplaincy on campus for students of all religions or none:
uom.link/chaplaincy
- Muslim prayer facilities and multi-faith quiet areas across campus.
- A large range of religious student societies at our Students' Union.

You can also speak to Christian, Jewish, Hindu, Muslim or Sikh chaplains.

EQUALITY, DIVERSITY AND INCLUSION

We're committed to fostering a positive learning environment free from discrimination, bullying, harassment or victimisation. You'll be treated with respect and dignity regardless of age, disability, ethnicity, gender, marital status, nationality, religion or sexual orientation. For more information, visit: [**uom.link/diversity-and-inclusion**](https://uom.link/diversity-and-inclusion)

FINANCIAL SUPPORT

We advise on fees, funding and scholarship opportunities to help you manage your finances while studying.

Student living in Manchester is relatively affordable, especially when compared to London.

We also offer a range of scholarships and bursaries each year to help support the best and brightest minds to access university.

In 2026, we rewarded academic excellence with more than £6 million of merit-based scholarships, including the Global Futures Scholarships and scholarships in collaboration with external organisations, such as the British Council.

Visit our finance and funding pages for more information on tuition fees, cost of living and scholarship opportunities:
uom.link/finance-and-scholarship-opportunities

GLOBAL FUTURES SCHOLARSHIP

Manchester is proud to offer the Global Futures Scholarship to both undergraduate and master's students from a select number of countries who hold an offer for full-time study on campus.

Scholarship recipient Harshit said:

“Studying at the University with the scholarship has been an exceptional journey. I was drawn to Manchester for its renowned academic reputation and vibrant campus life. Its commitment to excellence in research and teaching, and its diverse and inclusive community, made it a clear winner.”

HARSHIT NARANG

India, MSc Business Analysis and Strategic Management

HISTORY AND HERITAGE

At Manchester, you'll join a community of global pioneers whose achievements have helped shape the modern world. To date, 26 Nobel Prize winners have worked or studied here.

1904

Catherine Chisholm becomes our first female medicine graduate.

1906

Christabel Pankhurst becomes the first woman to graduate in Law from Manchester.

1915

While still a research student, William Bragg becomes the youngest ever winner of the Nobel Prize in Physics.

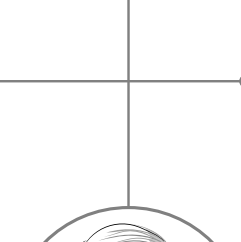

1945

University alumna Ellen Wilkinson becomes Britain's first female Minister of Education.

1948

Freddie Williams and Tom Kilburn create and run a program on the world's first stored-program electronic digital computer, the Baby.

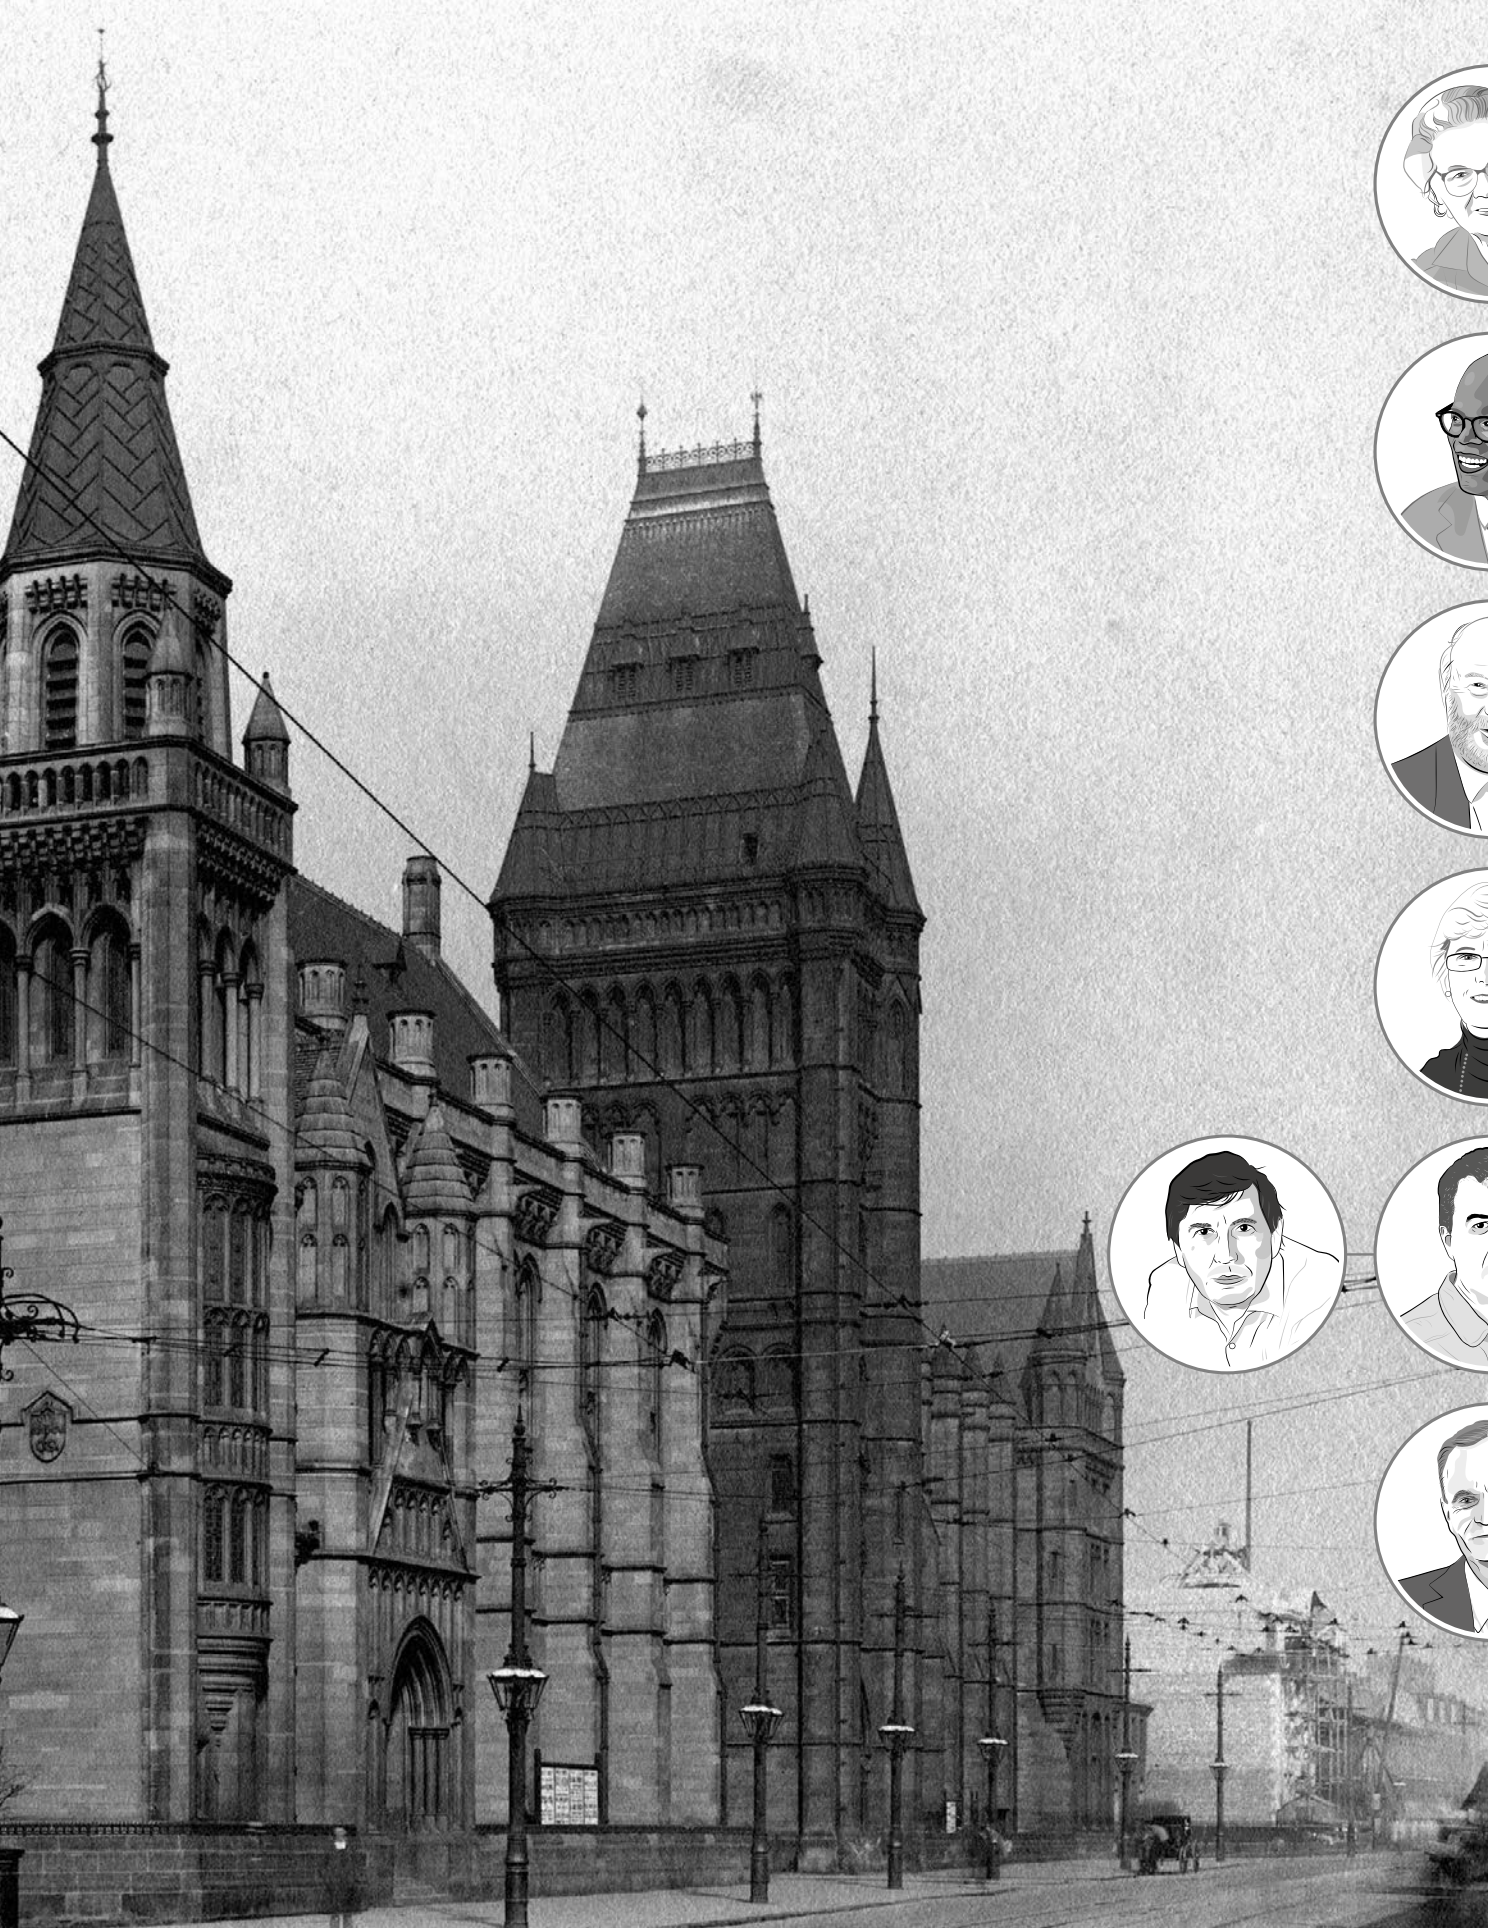

1948

World War II codebreaker Alan Turing completes pioneering work in machine intelligence.

1957

Bernard Lovell establishes the world's largest steerable radio telescope.

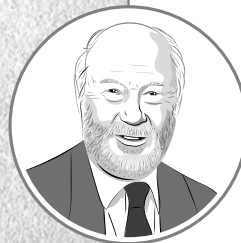

1974

We appoint Jean McFarlane as England's first Professor of Nursing.

1979

Britain's first Black professor, Arthur Lewis, receives the Nobel Prize in Economic Sciences.

1993

Michael Smith receives the Nobel Prize in Chemistry for his work on DNA engineering.

2010

University alumna Dame Sally Davies is appointed as the UK's first female Chief Medical Officer.

2010

Andre Geim and Kostya Novoselov are awarded the Nobel Prize in Physics for their isolation of graphene.

2024

Alumnus Simon Johnson wins the Nobel Prize in Economics for his work on global economic inequality and policy.

uom.link/history-and-heritage

TEACHING AND LEARNING

Our innovative teaching and learning facilities are of the highest quality. You'll be taught by the best minds in the UK while benefitting from exceptional libraries, learning spaces and technologies.

BE INSPIRED BY REAL EXPERTS

Our teaching colleagues are leaders in their fields, pioneering internationally important research and benefitting from strong links to industry.

GET MORE OUT OF FLEXIBLE COURSES

Some of our degrees offer you the flexibility to tailor course units to suit your interests and career ambitions.

DISCOVER NEW LEARNING ENVIRONMENTS

Along with state-of-the-art facilities, like the 24/7 Alan Gilbert Learning Commons, The Nancy Rothwell Building and Engineering Building B, you'll benefit from our virtual learning environment. This offers study materials, activities and interactive sessions with colleagues and students.

ENJOY BLENDED TEACHING

We offer a combination of face-to-face, online and blended teaching for some courses, which includes everything from traditional lectures and seminars to Q&As, workshops and access to online materials for self-study.

EXPANDING YOUR STUDY

Courses at Manchester take you beyond the academic. Add to your studies with our Leadership Programme, or explore your entrepreneurial side with the Manchester Enterprise Challenge.

ACCESS HIGH-QUALITY TECHNOLOGY

Explore The University of Manchester Library, one of the UK's largest research libraries, and its award-winning skills programme. Plus, enjoy access to 4,000 computers and free WiFi across campus.

Discover teaching and learning facilities:

uom.link/your-study-experience

MAXIMISE YOUR STUDENT EXPERIENCE

There's so much on offer at Manchester to complement your studies. From our vibrant Students' Union (SU) to sports clubs, health and fitness activities, and places to eat, drink and shop, there's something to suit everyone.

STUDENTS' UNION

- One of the largest in the UK.
- 600+ student clubs and societies.
- Offers support on personal, academic, financial and accommodation issues.
- Four music venues, including the Academy, hosting regular live events.
- Job opportunities (more than 400 students currently work at the SU).
- Home to the UK's biggest student newspaper, a radio station and TV channel.
- Regularly gathers student feedback to shape your time here at the University.
- Get support from a dedicated team of student representatives to enhance your Manchester experience:

manchesterstudentsunion.com/execteam

Check out everything on offer at the SU:
uom.link/university-students-union

“
**MAKE THE MANCHESTER
EXPERIENCE YOUR OWN.**”

Malaika set up her own society for international medical students with support from the Students' Union.

“If you don't find a society that suits you, create your own! I founded my own society for international medical students.

The Students' Union provided so much support for us and helped advertise events and promote our society at Welcome fairs. It's a great way to socialise with other medical students outside of studying!”

MALAIKA HAIDER
MBChB Medicine

BE ACTIVE

- Join one of our many sports and physical activity clubs.
- If you hold an offer to study and compete at an elite level, you may be able to apply for a sports scholarship.
- Casual players can join one of 260+ teams that play weekly competitions in campus leagues.
- Enjoy some of our wellness activities, like mindfulness and yoga.
- Try Sporticipate: 60+ hours of free weekly activities, from basketball to yoga.

Discover sport on campus:
uom.link/sport-on-campus

INTERNATIONAL SOCIETY

- Your home away from home – a place to make new friends on campus.
- Regular socials on campus and in the city, plus weekend trips around the UK.
- International cultural celebrations.

uom.link/international-society

ACCOMMODATION GUARANTEE

All new, full-time international undergraduate and postgraduate students are guaranteed the offer of a room in University-owned or arranged halls of residence for the full duration of their studies.

Explore accommodation:

uom.link/accommodation-at-manchester

LIFE IN HALLS OF RESIDENCE

Our halls of residence are thriving communities where many students make friends for life.

At each location, you'll find fantastic facilities, events, support and academic services to help you make the most of your time at university.

Each hall has access to the ResLife team, dedicated to offering you support and advice, and helping you feel safe and secure at all times.

We have 24/7 security across campus and in our halls. You can contact Campus Support and Security at any time using the number provided on the back of your student ID card.

YOUR OPTIONS

There are a number of options to consider when choosing your halls of residence, including:

- Self-catered or catered (including halal, vegan, vegetarian and other special dietary requirements).
- En suite or shared bathroom.
- Adapted rooms available for students with long-term health conditions or accessibility needs.
- Location of the halls of residence.

If you would prefer to explore privately rented accommodation, Manchester Student Homes can provide information and advice:
www.manchesterstudenthomes.com

Scan the QR code for all the information you need on accommodation at Manchester, including our accommodation guarantee.

uom.link/accommodation-at-manchester

EXPLORE CAMPUS

Our campus is home to world-famous buildings, institutes and facilities. From the historic arches of Whitworth Hall to the striking architecture of The Nancy Rothwell Building and Engineering Building B, The University of Manchester is a fascinating mix of old and new.

WHITWORTH HALL

Completed in 1902, Whitworth Hall is known for its gothic revival architecture. It's now used for graduation ceremonies and the University's annual Foundation Day celebration.

LIFE IN MANCHESTER

Top UK city
to live in
(*The Economist*,
2025)

Home to nearly 3 million people, Greater Manchester is a diverse place with endless possibilities. Known worldwide as the birthplace of the Industrial Revolution, the city has grown into a modern powerhouse of science, technology, culture and sport, offering the big city feel without the London price tag.

The city centre is packed with eclectic restaurants, bars, shops, museums and galleries, while just a short tram or bus ride away, you'll find beautiful green spaces, canal-side walks and vibrant communities.

With the UK's fastest-growing economy, Manchester is creating a record number of jobs and outstanding opportunities for our students and graduates – whether you want to launch a start-up, join a global organisation, or build your career.

CITY HIGHLIGHTS

EMBRACE THE ARTS

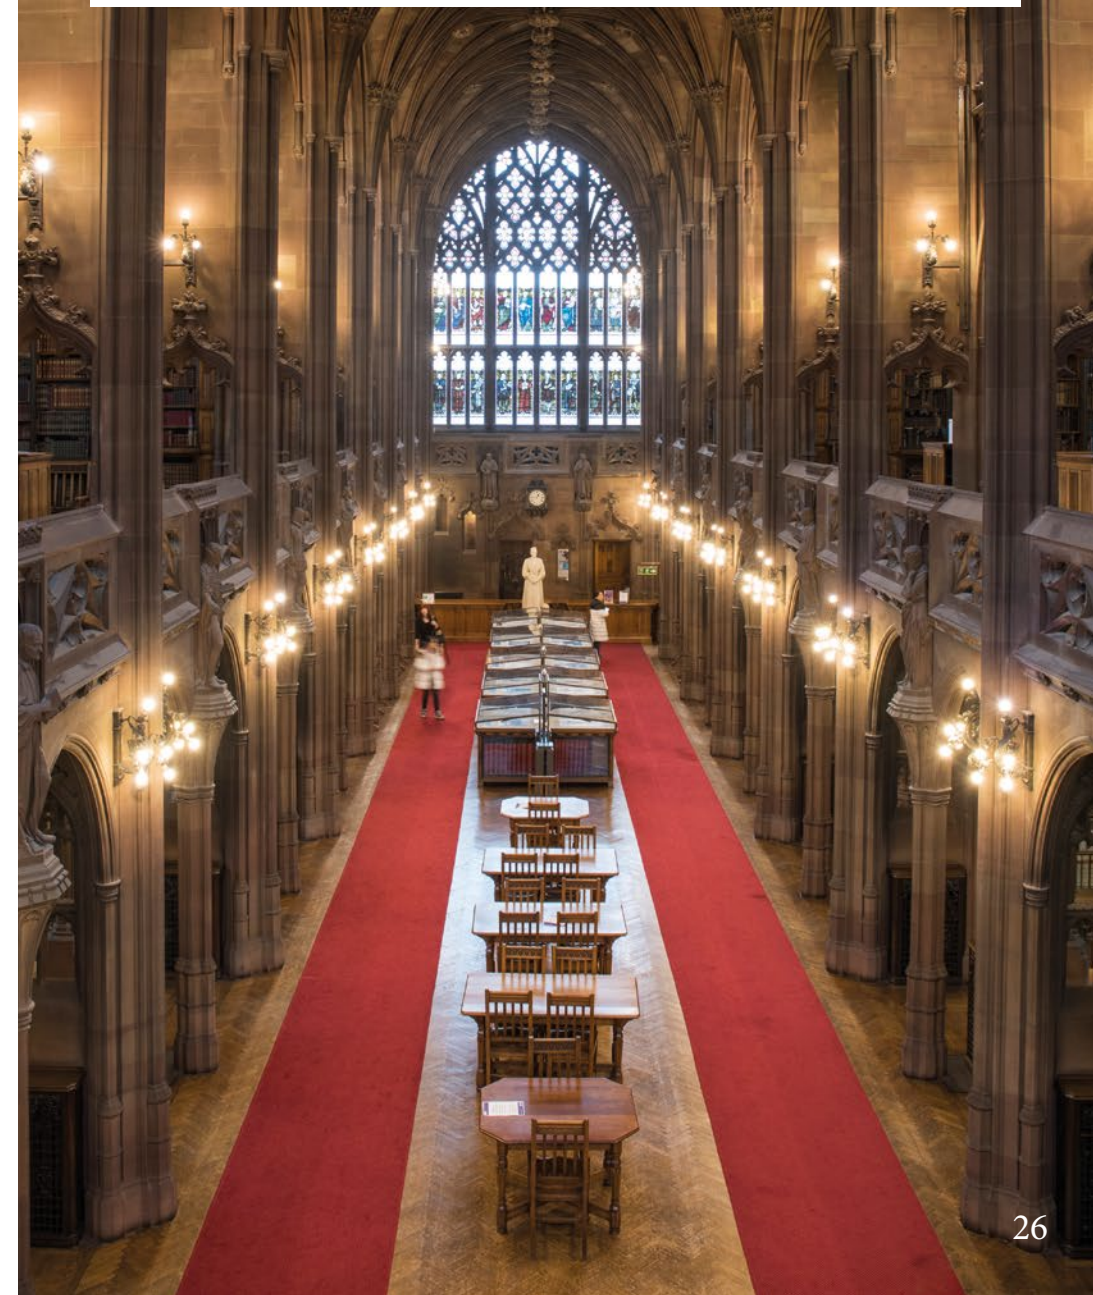

Whatever you're into, you'll find it in Manchester. Be inspired at the Whitworth, or gaze at the wonders of the natural world in the newly-renovated Manchester Museum (European Museum of the Year, 2025). Catch a gig or dance the night away at one of the city's lively music venues, or treat yourself to tickets for a show at the Palace Theatre, Royal Exchange or HOME.

uom.link/city

GET LOST IN A GOOD BOOK

If books are more your thing, the John Rylands Research Institute and Library is packed with special collections of rare books and regular exhibitions. You might even catch a glimpse of Shakespeare's First Folio.

EXCITE YOUR TASTE BUDS

Sample cuisines from across the world at Manchester's leading restaurants or relax with friends in one of many independent coffee shops. Whether you're looking for a romantic meal for two, or a memorable night out with friends, there's something for everyone in our thriving city.

EXPERIENCE SPORT AT ITS FINEST

Manchester is home to two of the world's biggest football clubs, with their iconic stadiums just a short distance from the city centre. It's not just football though – Manchester is also home to Old Trafford Cricket Ground, the National Cycling Centre, Manchester Aquatics Centre and an indoor skiing centre.

GREATER MANCHESTER AND CHESHIRE

LOOK TO THE STARS

Nestled in the Cheshire countryside is the University's Jodrell Bank Observatory. This UNESCO World Heritage site is home to the third largest steerable radio telescope in the world and offers a fascinating insight into the universe beyond our planet.

EXPLORE NEW NEIGHBOURHOODS

Just a 20-minute tram ride from the city centre, the bustling neighbourhoods of Chorlton, Didsbury and Altrincham offer the best of both worlds. Visit local bakeries, coffee shops, restaurants and pubs or take a peaceful walk at Fletcher Moss Park or Dunham Massey – where you may even spot a resident deer.

uom.link/beyond-the-city

STUDY OPTIONS

An introduction to our subject areas, courses and programmes.

Our pioneering courses draw upon the University's world-leading research and strong links to global industry.

Whether you're undertaking your first degree with us or embarking on postgraduate study, you'll quickly develop the skills, knowledge and experience that make Manchester graduates so sought after by top global employers.

This guide provides a summary of the undergraduate and master's subject areas and courses available at Manchester.

Check our website for a full list of programmes and up-to-date course details:

uom.link/studying-at-manchester

ENTRY REQUIREMENTS

You can find the most up-to-date entry requirements on our website, including the minimum English language requirements.

INTERNATIONAL QUALIFICATIONS

If you have qualifications from outside the UK and want to know if they're accepted at Manchester, visit: uom.link/country-specific-information

or email:

international@manchester.ac.uk

ENGLISH LANGUAGE REQUIREMENTS

Before joining us, you'll need to demonstrate your English language proficiency. This requires a test score from an approved testing system, such as IELTS Academic, if you do not hold an accepted high school English qualification or have not previously studied in certain countries. Please note that we do not accept online IELTS test results – scores must be from a test centre-based exam.

Find more information at:

uom.link/english-language-requirements

UK VISAS AND IMMIGRATION

If you need a Student visa to study with us, our academic and English language admission assessment will fulfil current UKVI visa requirements.

UNDERGRADUATE COURSES

We have one of the largest selections of undergraduate courses in the UK, all informed by world-leading minds who bring the latest research directly to you both in person and online.

For up-to-date course information visit:
uom.link/undergraduate-courses

COURSE OPTIONS

Our standard bachelor's degrees are three years in duration, but we also offer a range of four and five-year courses:

FOUNDATION YEAR

If you aren't studying for a recognised qualification for direct entry to a bachelor's degree (such as A-levels or IB), you may be able to apply for a foundation year.

A foundation year provides a guaranteed offer of progression to degree courses in a wide range of subject areas.

We offer integrated foundation courses for degrees in engineering subjects and natural sciences delivered at the University, with biosciences courses delivered at nearby Xaverian College.

INTO Manchester also offers foundation pathway programmes in partnership with the University:
uom.link/into-courses

Read country-specific guidance on whether you can apply with your high school qualifications:
uom.link/country-specific-information

Find out more about foundation options:
uom.link/foundation-courses-available

INTEGRATED MASTER'S

Integrated master's courses (such as MEng or MSci courses) give you the opportunity to undertake a research project in the final (fourth) year of your degree.

INDUSTRIAL/PROFESSIONAL EXPERIENCE

For many degrees, you can apply to spend the third year of your course on placement with one of our partner organisations in the UK or overseas. This offers valuable work experience and can give you an advantage in the competitive job market.

MODERN LANGUAGE AND STUDY ABROAD

We offer four-year degree courses with a modern language, including a year spent studying in a country where your chosen language is spoken. Many of our courses also offer the opportunity to spend a semester overseas.

Read about undergraduate study options:
uom.link/undergraduate-courses

POSTGRADUATE PROGRAMMES

Our postgraduate programmes are designed to build the specialist knowledge and skills you need to enhance your employability and tackle the world's greatest challenges.

TAUGHT MASTER'S

(MA, MSc, MRes)

DURATION

Typically 12 months full-time.

START DATE

Courses usually begin in September, the start of our academic year.

LEARNING STRUCTURE

Two semesters of lectures, seminars and assessed work, followed by four to five months' research, culminating in an independent project. View all master's courses:

uom.link/masters-courses-search

POSTGRADUATE RESEARCH

(PhD, MPhil, MSc by research)

As a postgraduate researcher, you'll conduct independent research under the supervision of a senior academic. Join Manchester's acclaimed research community and contribute to the body of professional knowledge in your specialist area.

Programmes are unique in their learning structure, covering individual or combined elements, such as research partnerships, taught units or specific training in research skills.

View all programmes available:
uom.link/postgraduate-programmes-search

ARTS, LANGUAGES AND CULTURES

Be inspired by Manchester's rich cultural scene and renowned experts. The University excels in fields like history, literature, modern languages and music.

Explore this UNESCO World City of Literature's literary heritage or research ancient civilisations, humanitarianism, conflict response and ethics. With world-class resources and cultural opportunities, your learning experience will be diverse and rewarding.

Many courses are interdisciplinary, allowing you to combine subjects. Joint Honours students study across departments, while postgraduate course units take a holistic, integrative approach.

BUSINESS

The University's Alliance Manchester Business School (AMBS) is a world-leading centre for business and management, ranked third in the UK for research power (Research Excellence Framework, 2021). Housed in a renovated £85 million building, it's the only UK business school with a presence across five global hubs.

A school accredited by AACSB International, AMBA and EQUIS, AMBS offers dynamic degree programmes that align with your career aspirations and prepare you for the job market. Our programmes are enriched by strong industry links and the expertise of celebrated academics, creating an environment that fosters learning, collaboration and research.

APURVA SINGH
INDIA

MSc Geographical Information Science

"The UK opens doors to amazing geographic information system (GIS) career prospects and the University has the best GIS curriculum. After my graduation, I will pursue full-time employment working as a GIS Consultant with WSP Manchester."

You may also be interested in related courses in Social Sciences (p53), Arts, Languages and Cultures (p37), Natural Sciences (p51) and Engineering (p43).

HEALTH SCIENCES

Combining a history of audiology innovation, globally recognised nursing courses (ranked tenth in the world and second in the UK – QS World University Rankings, 2026) and the longest tradition of teaching optometry in the UK, we take great pride in the exceptional learning experiences and career opportunities we provide in health sciences.

Choose from a diverse range of healthcare courses across audiology, nursing, optometry, pharmacy, psychology, public health, and speech and language therapy.

Our courses provide hands-on experience in advanced facilities and you can benefit from quality placements, expert guidance and connections with local NHS hospitals to enhance your skills and knowledge.

BSc Psychology

"I chose to study Psychology at The University of Manchester due to its reputation. I also appreciate the vibrant student life here. Being in a new environment allows me to break out of my comfort zone and form new connections."

For Law, see p53.

MEDICAL SCIENCES

Start your journey in medical sciences at Manchester, where you'll be supported by research excellence and close links to the NHS. We have specialist courses in dentistry and medicine, and one of the largest medical schools in the UK.

From year one, you'll gain diverse clinical experience, either working in the dentistry community or learning from educators based in local hospitals. At master's level, you'll learn alongside leading researchers in the dental or medical field, empowering you to specialise and shape a successful career in your chosen area.

NATURAL SCIENCES

Follow in the footsteps of 20 Nobel Prize winners and become part of a legacy of pioneering discoveries in our renowned natural science courses. With top five QS UK rankings in Chemistry, Materials Science and Physics, and top ten rankings in Environmental Science and Mathematics, the University offers research-informed learning, practical fieldwork and access to excellent industry connections to enrich your learning experience.

You'll benefit from world-class teaching and exceptional facilities, including modern labs and technology, alongside opportunities to specialise in your chosen discipline and strengthen your employability with an industrial placement year. Our commitment to innovation and sustainability will prepare you for limitless career prospects and the opportunity to make impactful contributions to society.

SOCIAL SCIENCES

Manchester is home to multiple UK top-ten departments in the social sciences, including anthropology, economics, politics and sociology (QS, 2026). At undergraduate level, almost all of our social sciences degrees can be taken with either a year abroad or a year’s paid professional placement.

Social science degrees can also be taken in combination with other social science subjects, such as sociology and criminology, or in combination with data analytics (politics and data analytics, for instance).

Our master’s degrees allow you to specialise across a broad range of courses while incorporating flexible degree structures and optional course units.
