The University of Manchester Global Futures Scholarship Eligibility and Application Criteria – 2027 awards

South Asia– Undergraduate Scholarships

Award Value: £12,000 per year for up to 3 years (subject to attainment of 60% average in each year)

Eligibility

Eligibility will be based on meeting the following criteria:

1. Applicants will only be considered for these awards if they are domiciled in one of the following countries: Bangladesh, India, Pakistan and Sri Lanka. To be considered as domiciled in these countries applicants must have predominantly resided there during the last three years.
2. We consider your permanent country of residence to be the country in which you are ordinarily resident, not a country where you are only living for the purpose of full-time education.
3. Eligibility is based on domicile as defined above rather than nationality.
4. Awardees will be selected based on academic merit, but we will endeavour to achieve a balance in the allocation of the awards by gender, domicile, qualification type and course of study. We may also give greater credit to applicants for courses of study where students from this region are underrepresented.
5. The awards are only open to candidates applying for direct Year 1 Entry and who have, or are working towards one of the following qualifications:
    - A Levels
    - IB Diploma

12. The decision of the selection panel is final, and appeals will not be considered.
13. Should an applicant be offered a Global Futures award and then fail to meet the academic offer conditions for course originally applied for, the scholarship offer will be withdrawn.

26. Applicants who have previously studied in the UK are not eligible for the award.
27. Applicants must complete all sections of the application form. Incomplete forms will not be considered in the selection process.
28. Students may only submit one scholarship application even if they apply for multiple courses. Where students submit multiple scholarship applications only the first will be considered.
29. Where a student has applied unsuccessfully for MBCHB or Dentistry but then is subsequently made an offer for a different course, the student will be eligible to apply for an award.
30. The award is granted for up to three years dependent on achieving overall marks of at least 60% in exams each year. We will only consider marks from the first sitting (resit marks cannot be used as a contribution towards the overall grade). If you have mitigating circumstances around your exam results, as approved by The University, inform us of these directly.
31. Where students register for a course with a Year in Industry, the award will be applied to Years One, Two and Four. The continuation of the award to Year Four will depend on performance in Year Two.

This may include, but is not limited to: attending physical or virtual presentations for prospective students; providing written or filmed testimonials for the University's website; participating in conversion call campaigns; and acting as an advocate for the scholarship programme. This would also include the University's use of select identifying data (such as the scholarship recipients' names, home country, and course(s) of study) in the context of the above and related activities.
