

Drive less this October: Week 4 – Car Sharing

COLLEAGUE EVENTS

Car Share Drop-In – Find Your Match

Thinking about sharing your journey to campus? Join one of our car sharing drop-in sessions and we'll help you get set up on the app and connect you with colleagues who are also looking to share a ride or offer a lift.

It's a bit like a car share meet and greet come along, have a chat and see if you can find a match!

Date **10 October, 12–1pm**

Date **24 October, 12–1pm**

Seeking a journey – new to commuteUoM

COLLEAGUE DISCOUNTS & OFFERS

Buddy Up & Get a Free Coffee!

Driving to campus? Buddy up with a team member and share your journey instead of driving solo - you'll both get a voucher for a free coffee!

Simply take a selfie together in your car in a university car park and send it to es@manchester.ac.uk, along with both your names.

Offer runs from 26 October to 20 November.

Looking for Someone to Share Your Journey?

Want to connect with colleagues who travel your way? Join our official carpool scheme to post your journey or see who else is driving your way. Download the [CommuteUoM](#) app, and [here's how to do it](#). Get a £5 voucher for every carpool journey you post or take via the app, plus you'll be entered into a prize draw to win £100 each! Offer runs from 26 October to 20 November.

COLLEAGUE RESOURCES

Find Your Car Share

Use the CommuteUoM app to post your journey or let other colleagues know you're looking for a lift. Connect with others travelling your way and find a car share that works for you. Download the [CommuteUoM](#) app, and [here's how to do it](#).

Meet at a Free Car Park

Can't find a colleague to share the whole journey with? Why not meet at a free car park on the outskirts of Manchester, leave one car there and share the rest of the journey to campus?

THIS WEEK'S CHALLENGE – what will you do differently this month?

Buddy up with a colleague and pledge to share your journey to campus twice this month!

Two people, one car. Sharing your commute with just one colleague means one fewer car making that journey - helping to reduce congestion, emissions and your fuel costs.
