

**Revisions to Policy on Circumstances Leading to Changes to Postgraduate Research Study  
Effective date – September 2010**

Within section 2.1

**CURRENT TEXT**

Students must register for the submission pending period and will be entitled to *limited* supervision and some use of University facilities including library and computer access. Students will not be entitled to facilities for primary research such as laboratory use.

Supervision expectations in this period vary between disciplines and it is the responsibility of the student to come to an understanding with his or her supervisor about the frequency and duration of supervision meetings in this period.

**PROPOSED TEXT**

Students must register for the submission pending period and will be entitled to ~~*limited* supervision~~ and some use of University facilities including library and computer access. Students will not be entitled to facilities for primary research such as laboratory use.

Supervision expectations in this period vary between disciplines and it is the responsibility of the student to come to an understanding with his or her supervisor about the frequency and duration of supervision meetings in this period.
