

The University of Manchester

Degree Congregations December 2010

The Inauguration of The University of Manchester

At midnight on 30 September 2004, UMIST and the Victoria University of Manchester were dissolved and the single institution of The University of Manchester came into existence.

The formal Inauguration of the University took place on Friday, 22 October 2004 when Her Majesty The Queen visited the campus to personally present the University's new Royal Charter to Co-Chancellor Anna Ford at a special ceremony held in the Whitworth Hall.

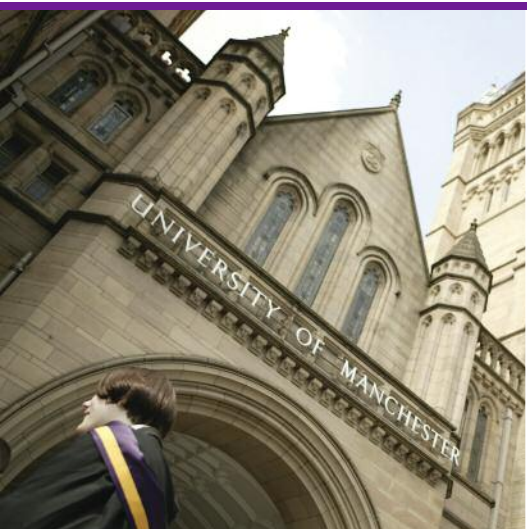

The new institution has a distinguished heritage. It can trace its roots back to the formation of the Manchester Mechanics Institute in 1824, which later became UMIST. The Victoria University of Manchester was founded as Owens College in 1851 and became England's first civic university in 1880.

The two universities first began working together almost 100 years ago. They were situated on neighbouring campuses and this enabled them to develop a number of joint courses, departments and services. They took the decision to merge in 2003.

The creation of The University of Manchester has been hailed as one of the boldest and most ambitious initiatives in higher education. This pioneering spirit carries on today, with the aim to become one of the world's top 25 universities by 2015 backed by an ongoing £650 million investment programme in staff and facilities – the largest such investment programme in British higher education.

From the President and Vice-Chancellor

It is with immense pleasure that one of my first duties as the new President and Vice-Chancellor of our great University is to welcome you all – graduands, family members and friends – to The University of Manchester for this degree congregation.

This is a time of celebration for all of us, and I hope very much that you will find it an enjoyable occasion. As each graduand is presented for conferment of their degree, the University shares with you all a great sense of pride.

For those of you graduating today, these ceremonies mark not the end of your relationship with the University but the start of a new stage. It is my hope that the links between the University and you will grow ever stronger. I look forward to you becoming an active member of the University's alumni body and wish you every success for the future.

Finally, I hope that you all have a truly memorable day.

Professor Dame Nancy Rothwell
President and Vice-Chancellor

The Faculty of Engineering and Physical Sciences

The Faculty of Engineering and Physical Sciences is large and comprehensive with nine component schools: Chemical Engineering and Analytical Science; Chemistry; Computer Science; Earth, Atmospheric and Environmental Sciences; Electrical and Electronic Engineering; Materials; Mathematics; Mechanical, Aerospace and Civil Engineering; and Physics and Astronomy. Together they offer a diverse portfolio of research and teaching of the highest quality.

Many of the major advances of the 20th century began here, including the work by Rutherford leading to the splitting of the atom and the development of the world's first modern computer. Today, research activities remain at the cutting-edge and the Faculty now generates around £75 million in research funding a year.

The quality, breadth and volume of research activity at the Faculty of Engineering and Physical Sciences is unrivalled. There are more than 70 specialist research centres and groups at the Faculty, each undertaking pioneering research into areas ranging from nuclear decommissioning and nanotechnology to artificial intelligence and aerospace.

Research is at the heart of The University of Manchester's Faculty of Engineering and Physical Sciences. The 2008 Research Assessment Exercise revealed outstanding results, with all of our departments demonstrating international or national excellence.

The Faculty of Humanities

The Faculty of Humanities is the largest of the University's four Faculties and encompasses academic areas as diverse as Arts, Education, Social Sciences, Business and Management, and Information Technology.

With a total income of around £190 million per annum, more than 16,000 students and some 957 academic staff, it is equivalent to a medium-sized university in the UK.

The Faculty brings together seven schools: Manchester Business School; Arts, Histories and Cultures; Law; Social Sciences; Environment and Development; Languages, Linguistics and Cultures and Education, who all have an excellent track record for research and teaching.

Major activities include the Centre for New Writing, the Institute for Social Change, the Brooks World Poverty Institute, the Institute for Science, Ethics and Innovation, the Manchester Institute for Innovation Research, the Research Institute for Cosmopolitan Cultures, The Centre for Chinese Studies, the Institute for Development Policy and Management, the Centre for Equity in Education and the Sustainable Consumption Institute.

In the 2009 Research Assessment Exercise, Humanities was behind only Oxford and Cambridge in the number of world-leading staff returned (classified as 4*). 22% of its activity was classed as world leading and a further 40% as internationally excellent.

The Faculty of Life Sciences

The Faculty of Life Sciences is one of the largest and most successful unified research and teaching organisations of its kind in Europe.

With more than 1,000 people involved in research, 1,500 undergraduate students and an annual budget in excess of £100 million, the Faculty provides a highly interactive research and teaching environment where all barriers to collaboration have been removed.

As such, the Faculty is able to conduct the highest quality research while maintaining an extensive range of undergraduate and graduate programmes, as well as vocational training.

The Faculty was ranked third in the country by quality alone in the two Units evaluated in the 2008 Research Assessment Exercise. When these results were aggregated, it came second only to Cambridge – and ahead of Oxford – in terms of research power (Grade Point Average x number of staff).

The Faculty's research encompasses the entire spread of life sciences from the molecule to the cell to the organism, spanning all fields of biology from environmental studies to cancer biology, from neuroscience to post-genomics, and from structural biology to organ transplantation.

Rapid advances in molecular biology, structural biology, genomics and bioinformatics, will ensure that the life sciences will continue to dominate scientific discoveries in the 21st century.

The Faculty of Medical and Human Sciences

The Faculty of Medical and Human Sciences has a long and proud history of innovative teaching and groundbreaking research, and is one of the largest faculties of clinical and health sciences in Europe.

The Faculty has five Schools – Medicine, Dentistry, Pharmacy and Pharmaceutical Sciences, Psychological Sciences, and Nursing, Midwifery and Social Work – with strong interdisciplinary links with other Schools and Faculties across the University, including Life Sciences, Engineering and Physical Sciences, Economic and Social Sciences, and Education.

The School of Medicine traces its past to the first medical school established in England outside London, while the School of Nursing was the first British school to offer a degree in the subject; similarly, Manchester was the first university to award degrees in Pharmacy.

The Faculty's performance in the 2008 Research Assessment Exercise (RAE) reflects its strength across an entire range of biomedical and clinical research areas from laboratory-based investigations through to studies of the impact of discoveries on the health of the population.

There is a strong organisational capability for undertaking cross-faculty teaching and research activity in partnership with the public sector and industry. For example, in conjunction with four teaching hospitals, more than 300 GP practices and 25 district hospitals, the Faculty trains in excess of 350 doctors each year. Similarly, in partnership with the Department of Health, it provides continuing professional development training for all 18,500 community pharmacists in England.

Furthermore, teaching and research is spread over a wide area with major links to Central Manchester University Hospitals NHS Foundation Trust, the Christie NHS Foundation Trust, the Paterson Institute for Cancer Research, Salford Royal NHS Foundation Trust, University Hospital of South Manchester NHS Foundation Trust, and Manchester Mental Health and Social Care Trust.

### The Affirmation

*(Bachelor of Dental Surgery and Master of Pharmacy graduates, standing.)*

- "I affirm that I will:
- make the care of patients my first concern;
  - treat every patient politely and considerately;
  - respect patients' dignity and privacy;
  - listen to patients and respect their views;
  - give patients information in a way they can understand;
  - respect the right of patients to be fully involved in decisions about their care;
  - keep my professional knowledge and skills up to date;
  - recognise the limits of my professional competence;
  - be honest and trustworthy;
  - respect and protect confidential information;
  - make sure my personal beliefs do not prejudice patient care;
  - act quickly to protect patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;
  - avoid abuse of my position as a dentist or a pharmacist;
  - work with colleagues in the ways that best serve patients' interests.

In all these matters I will never discriminate unfairly against patients or colleagues. I will always be prepared to justify my actions to them."

Graduates reply: "I so affirm".

# The 2010 Alumni Association Award for Outstanding Alumnus

within the Faculty of Medical and Human Sciences  
Professor Janet Darbyshire CBE

*Outstanding Alumni Awards are presented each year by The University of Manchester Alumni Association to former students who have achieved distinction in their field or have brought honour to the University through their outstanding achievements.*

Janet Darbyshire is one of the country's leading clinical trialists and epidemiologists. Born and raised in the North West, she gained her degree in medicine at The University of Manchester in 1970. Early positions at Manchester Royal Infirmary preceded a move to London, where she specialised in respiratory medicine, a field she found rewarding and fascinating.

Drawn to the challenge of the many unanswered questions in the treatment of respiratory diseases, in 1974 Janet joined the staff of the Medical Research Council Tuberculosis and Chest Diseases Unit (MRC TCDU). Her remit was to co-ordinate clinical trials and observational studies on tuberculosis, asthma and other respiratory diseases. Regularly travelling across Africa, she led a number of vital clinical trials into the most effective treatments for tuberculosis (TB), transforming the way the disease is managed across the world and leading to the introduction of short course chemotherapy regimens for both resource rich and poor countries.

In 1986, with the closure of the MRC TCDU, she was appointed Head of the MRC Cardiothoracic Epidemiology Group at the National Heart and Lung Institute (NHLI), continuing to work in TB, asthma and lung cancer. With the emergence of the HIV/AIDS epidemic she then became head of the MRC HIV Clinical Trials Centre where she oversaw a programme of trials and observational studies that led to major changes in the management of HIV infection, initially in the UK, and with collaborators in Europe, North America and Australia and subsequently Africa.

Under Janet's directorship, in 1998 the MRC Clinical Trials Unit was created as a centre of excellence for research into HIV, cancer and other diseases where there were important questions but no tradition of clinical trials.

She is a great believer in working collaboratively and was instrumental in setting up, with Professor Peter Selby, the National Institute of Health Research Clinical Research Network (NIHR CRN), which now supports research across many areas of medicine, from cancer to diabetes, ensuring studies have the best chance of success.

She is a fellow of the Academy of Medical Sciences and the Royal College of Physicians (and Faculty of Public Health Medicine). She has been a Commissioner on the Commission on Human Medicines since 2005, and before that a member of the Committee on Safety of Medicines from 1993. Already an OBE, she was appointed CBE in the 2010 New Year Honours.

### The Affirmation (All pre registration Nurses and Midwives, standing.)

"I affirm that I will:

- make the care of patients my first concern;
- treat every patient politely and considerately;
- respect patients' dignity and privacy;
- listen to patients and respect their views;
- give patients information in a way they can understand;
- respect the right of patients to be fully involved in decisions about their care;
- keep my professional knowledge and skills up to date;
- recognise the limits of my professional competence;
- be honest and trustworthy;
- respect and protect confidential information;
- make sure my personal beliefs do not prejudice patient care;
- act quickly to protect patients from risk if I have good reason to believe that I or a colleague may not be fit to practise;
- avoid abuse of my position as a nurse or a midwife;
- work with colleagues in the ways that best serve patients' interests.

In all these matters I will never discriminate unfairly against patients or colleagues. I will always be prepared to justify my actions to them."

Graduates reply: "I so affirm".

# Your career begins here

**Congratulations on your graduation and we hope that you have thoroughly enjoyed your time in Manchester. Whether you are taking time out to consider your options, or have already secured a job, the Careers Service wishes you the best for your future career.**

You may not be aware but you are welcome to use our full range of facilities for the next 3 years, including meeting with careers consultants, attending fairs and events and receiving the latest job vacancies. Don't worry if you did not apply for graduate schemes in your final year, as many employer schemes are open to recent graduates.

## **Have you used us yet?**

If you are looking for a job, then sign up today to receive the latest news and vacancies, all of which are aimed at graduates of The University of Manchester. It's not too late to register with our website ([www.manchester.ac.uk/careers](http://www.manchester.ac.uk/careers)) and registration is free. If you've already registered don't forget to update your email address as your University address closes once you have graduated.

Our comprehensive website also provides advice on how best to find a job and tips on how to impress an employer on an application form or at an interview.

## **Whatever your next step**

Even if you are planning to take some time out, we can direct you to jobs overseas, volunteering programmes and opportunities for work experience.

If you are leaving Manchester or moving back home, many of our services are also accessible remotely, such as telephone and email advice and telephone guidance appointments. We also have a range of online and interactive services such as blogs, forums and web chats.

[www.manchester.ac.uk/careers/interactive](http://www.manchester.ac.uk/careers/interactive)

If you are planning to stay and work in Manchester when you graduate, sign up for the Manchester Graduate Internship Programme (MGIP). Offering 4-12 month graduate level paid placements exclusively to new University of Manchester graduates, MGIP is an excellent way to obtain valuable experience for your CV and earn money whilst you make decisions about your long term future. Visit [www.manchester.ac.uk/careers/mgip](http://www.manchester.ac.uk/careers/mgip) for more information.

## **No better place to start.**

Did you know that your Careers Service has been voted as the best in the UK for the past 5 years by both students and employers?\* For more information about how the Careers Service is helping its graduates and how to stay in touch, log on to [www.manchester.ac.uk/careers/graduates](http://www.manchester.ac.uk/careers/graduates)

Every year we survey our graduates 6 months on to understand more about your career destinations. Please look out for our survey. This is a nation survey and is important to us.

Wishing you every success for the future.

## You may have finished studying at Manchester but your involvement with the University does not have to end here!

Become an active member of The University of Manchester Alumni Association – the organisation for all our former students by registering with Your Manchester Online: [www.manchester.ac.uk/yourmanchester](http://www.manchester.ac.uk/yourmanchester) - the University's interactive alumni community website and update your contact details online. In order to register you will need your student registration number (on your library card). This registration number is unique to you and will soon become your alumni membership number. Your alumni membership card will be on its way to you in September.

After you have registered you will join a network of over 225,000 alumni which forms the core of the University's global community and you can enjoy the many alumni services the University is offering you, which include the following:-

### Special benefits and discounts

The Alumni Association membership card entitles you to over forty special discounts and offers. These include free use of the University library, deals with various restaurants, hotels and theatres (such as the Lowry and The Royal Exchange) and discounts with commercial companies including RAC, Vision Express, Flypark and Sea France.

### Events

There are a variety of social nights, reunions, high profile lectures and networking opportunities for you to enjoy throughout the year. The 'Your Manchester Insights' programme is an exciting lecture series designed to showcase the excellence, relevance and topicality of research going on at the University and takes place throughout the year in Manchester, London and a number of international cities. Check out the events calendar on Your Manchester Online to find out about the next Your Manchester Insights event

### Magazine

*Your Manchester* is the University's annual alumni magazine. This is sent to all active members and keeps alumni updated with news and events at the University and in Manchester.

### Famous Manchester alumni

Our graduates can be found in all walks of life and include some very famous and senior names such as: Mathew Horne (known for his role as Gavin in the BBC3 comedy Gavin and Stacey); Ed Simmons and Tom Rowland (musicians – The Chemical Brothers); Ben Elton (comedian and writer), Alex Garland (writer), Meera Syal (writer/actor); Sophie Raworth (Newscaster/Journalist); Anna Ford (Broadcaster); Sir Terry Leahy (Chief Executive, Tesco plc); Dame

Betty Kershaw (President of the Royal College of Nursing); George Maxwell Richards (President of Trinidad and Tobago) and Jennifer Vel (youngest member of the Seychelles National Assembly). To see more famous alumni visit the "distinguished alumni library" on Your Manchester Online.

### Alumni Networks

There is a number of special interest groups which offer excellent ways for alumni with similar interests (either personal or professional) to get in touch with one another. Groups can be established for professions, from student clubs, for networking, for regional and overseas groups or for Halls of Residence.

### Manchester Business School Alumni Association (MBSAA)

There are some strong reasons for you to keep in touch with the Alumni Relations Office at Manchester Business School:

**Networking** - Whether you want to build your network, move cities or countries or add to your social calendars, you will be able to do this through the MBS alumni network of 27,000 alumni and the 40+ established global groups.

**Access to events** - The Alumni Office both organises and facilitates events across the world - from top class speaker events and seminars to socials and balls. Every month there is an event that you can go to as an alumnus of Manchester Business School.

**Discounts and offers** - As alumni of Manchester Business School you can benefit from the tailored offers and discounts that the Alumni Office have developed with a range of different partners.

**Monthly eNewsletter** - Every month our alumni can access thought leadership articles from MBS academics and alumni, events, MBS news and updated benefits and services.

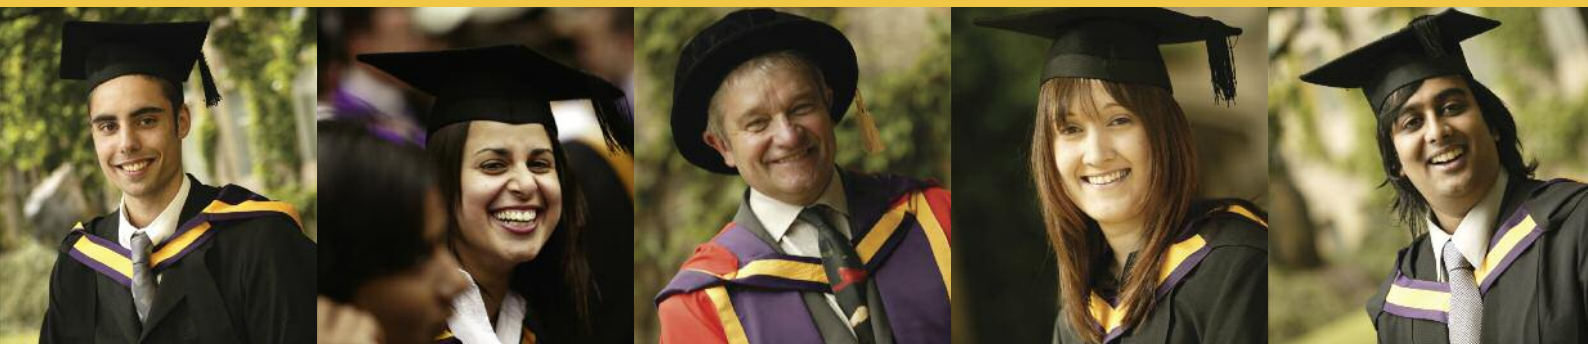

**Career management** - Via the alumni website you will find access to a range of different career management tools including executive search firms and online resources.

To register with the Alumni Relations Office and access the alumni portal visit [www.mbs.ac.uk/alumni](http://www.mbs.ac.uk/alumni) email [alumnioffice@mbs.ac.uk](mailto:alumnioffice@mbs.ac.uk).

### Emergency Evacuation procedure for Whitworth Hall

During the course of this event no alarm test or an emergency evacuation practice has been planned.

Therefore, if the alarm, which sounds intermittently is activated it should be treated as a potential incident requiring evacuation.

Graduands and Guests are asked to remain calm and seated and follow the instructions given by stewarding staff.

The Assembly point is on the front quadrangle which is adjacent to the Whitworth Hall in front of the John Owens Building.
